

Chemistry

Please Note:

Prospective job candidates are URGED to check with the respective department, dean, or payroll office for a more detailed description of qualifications. DO NOT apply for jobs via CUPE 3912, but directly with the contact person for each job posting. Some departments may accept applications online; others might not. It is our recommendation that you include a COMPLETE CV with every application, even if it is not requested.

Jobs are listed newest-to-oldest and expired job postings are periodically archived.

Department/Faculty: Chemistry/Physics

Course Name: Chemical Concepts

Course Code: CHEM 1005 01

Academic Term: Winter

Class Timetable: MW 12:00PM – 01:15PM Sync. Online

Course Unit Value: 0.5

Start Date: 1/11/2021

End Date: 4/27/2021

Qualifications:

Candidates should have a BSc in Chemistry and a Masters degree in either
Chemistry or Education.

Candidates must also have experience using the Blackboard/Collaborate virtual classroom. Candidates must be willing to participate in additional training in the optimum range of teaching operations in the Moodle LMS and in the Collaborate virtual classroom, if necessary, to reach the required level of competency before the course begins. Candidates must also be sensitive to the needs of distant, mature and part-time learners.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Consultation with CHEM 105L lab instructor to facilitate coordination between lecture and lab.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 11/2/2020

Department/Faculty: Chemistry/Physics

Course Name: General Chemistry II

Course Code: CHEM 1012 01

Academic Term: Winter

Class Timetable: MW 10:30AM – 11:45AM Sync. Online

Course Unit Value: 0.5

Start Date: 1/11/2021

End Date: 4/27/2021

Qualifications:

Candidates should have satisfactory experience in teaching General Chemistry, and must have attained a PhD in Chemistry.

Candidates must also have experience using the Blackboard Collaborate virtual classroom. Candidates must be willing to participate in additional training in the optimum range of teaching operations in the Moodle LMS and in the Collaborate virtual classroom, if necessary, to reach the required level of competency before the course begins. Candidates must also be sensitive to the needs of distant, mature and part-time learners.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

This is a coordinated course with a laboratory component. The laboratory components are taught by the laboratory instructor. Instructors

are
required to follow the course syllabus and guidelines for
assignments,
midterm and final exams, and grades.

Due to distance, the mailing of materials may extend beyond the
traditional time frames of the course.

Remuneration: Remuneration is in accordance with the Collective
Agreement
between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum
vitae and
the names of three references to:
Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 11/2/2020

Department/Faculty: Chemistry/Physics
Course Name: General Chemistry II
Course Code: CHEM 1012 02
Academic Term: Winter
Class Timetable: MW 12:00PM – 01:15PM Sync. Online

Course Unit Value: 0.5

Start Date: 1/11/2021
End Date: 4/27/2021

Qualifications:
Candidates should have satisfactory experience in teaching

General

Chemistry, and must have attained a PhD in Chemistry.

Candidates must also have experience using the Blackboard Collaborate virtual classroom. Candidates must be willing to participate in additional training in the optimum range of teaching operations in the Moodle LMS and in the Collaborate virtual classroom, if necessary, to reach the required level of competency before the course begins. Candidates must also be sensitive to the needs of distant, mature and part-time learners.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

POSITION TITLE	Part-Time Academic (Chem 1011)
POSTING NUMBER	PTAP424P
DEPARTMENT/UNIT	Chemistry
LOCATION	Halifax
JOB SUMMARY & KEY RESPONSIBILITIES	The instructor is responsible for providing support for the online course in both the lecture and lab components running from September 2020 to December 2020. This includes assisting with test and quiz development within LON-CAPA, marking in both the lecture and lab components, MS Teams Live tutorial workshop support and holding virtual office/resource centre hours with students via MS Teams. This position reports to the Dean of the Faculty of Science through the Chair of the Department of Chemistry.
QUALIFICATIONS/REQUIREMENTS OF POSITION	A minimum of an MSc in Chemistry; previous experience providing support for teaching at a University level is required; experience providing support for teaching 1st-year university

chemistry in both the lecture and laboratory environment is strongly preferred; experience providing support for teaching within the Concepts in Chemistry program is also strongly preferred. The application package should be submitted via PeopleAdmin and should consist of a cover letter, curriculum vitae, and summary of relevant teaching experience. The applicant should arrange for a letter of reference to be sent to chmchair@dal.ca by the posting deadline.

SALARY RANGE/PAY RATE

Per CUPE Collective Agreement

ADDITIONAL INFORMATION

All offers of employment as a Part-Time Academic are conditional upon sufficient student enrolment in the course and approval by the University. Dalhousie University is committed to fostering a collegial culture grounded in diversity and inclusiveness. The university encourages applications from Indigenous persons, persons with a disability, racially visible persons, women, persons of a minority sexual orientation and/or gender identity, and all candidates who would contribute to the diversity of our community. For more information, please visit www.dal.ca/hiringfordiversity.

POSITION TITLE

Part-Time Academic (Chem 3201 – 1.5 position) November 1, 2020 – March 31, 2021

POSTING NUMBER

PTAP426P

DEPARTMENT/UNIT

Chemistry

LOCATION

Halifax

JOB SUMMARY & KEY
RESPONSIBILITIES

Responsibilities for this position include working closely with the course instructor (and teaching assistants) in preparation and delivery of Chem 3201. This will include preparation of course materials notes/powerpoint slides/ video recording/editing, preparation and marking of student assignments/ midterms, and providing weekly live tutorials with students using Microsoft Teams throughout the winter term. This position reports to the Dean of the Faculty of Science

through the Chair of the Department of Chemistry.

QUALIFICATIONS/REQUIREMENTS OF POSITION

A minimum of a BSc (MSc or PhD preferred) in Chemistry or related field. Experience and advanced knowledge in Analytical Spectroscopy and Separations is required. Experience providing teaching support for classroom or laboratory teaching at the university level is required, with experience at providing teaching support for advanced analytical chemistry class preferred. Experience in data processing using Microsoft Excel will be an asset. The preferred applicant must have proven experience in working independently (as well as with a group) and meeting workplace objectives. The application package should be submitted via PeopleAdmin and should consist of a cover letter, curriculum vitae, summary of relevant teaching experience, and names/contact information of two referees, by the posting deadline.

SALARY RANGE/PAY RATE

Per CUPE Collective Agreement

Course: **CHEM 234X.1LD** **LABORATORY**

2344 Organic Chemistry I and 2346 Organic Chemistry for Life Sciences

Department: Department of Chemistry

Semester: Fall 2020 (September 9, 2020 – December 22, 2020)

Schedule: Laboratory **Fridays** 2:30 pm – 5:29 pm (the times may be changed if Department decides to change to asynchronous class delivery)

Academic Calendar Description:

A course for students in the life sciences. The course covers the chemistry of the principle functional groups in organic molecules with special emphasis on the relevance of organic functional group chemistry to molecules of biological importance. The functional group classes include: alcohols, thiols, phenols, ethers, epoxides, aldehydes, ketones, carboxylic acids, esters, amides, anhydrides, acid chlorides, nitriles, amines, amino acids, proteins, and carbohydrates. The course emphasizes the mechanistic approach to functional group reactivity and makes the connection to biochemistry at every opportunity. The stereochemical features of molecules of biological interest are emphasized.

Additional Details:

Laboratory only. Other available lab sections posted separately.

COVID-19 special circumstances: Saint Mary's University is currently under virtual operations. Lectures related to this course will be completed remotely using platforms such as Zoom or Microsoft Teams. The successful candidate must have technology personally available to deliver lectures remotely. This will include items such as a webcam, computer etc.**

Qualifications:

Applicants must possess at least an M.Sc. in Chemistry or related field. The preferred applicant will have demonstrated classroom

and lab teaching experience in university chemistry.

Duties:

Duties include delivery of chemistry lab instruction; supervision and instruction of students; supervision of TAs (when available); grading of student work and other evaluation required by the SMU Chemistry Department; course-related student advising during office hours; and demonstrated compliance with all safety regulations.

Remuneration:

Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

How to Apply:

Applications are invited in the first instance from part-time faculty colleagues on the Saint Mary's precedence list. Applicants who currently hold a part-time teaching appointment at Saint Mary's University should submit a cover letter and a C.V. Applicants who do not currently hold a part-time teaching appointment at Saint Mary's University should submit a complete application (including a cover letter, CV, proof of academic credentials, name and contact information of three referees, and any evidence of teaching effectiveness).

Applications are submitted as a ***single PDF file*** sent directly via email to: chemistry@smu.ca

The subject line must state "CHEM 234X lab PT application – FALL".

Application Deadline: September 9th, 2020

Saint Mary's University hires on the basis of merit and is committed to the principles of employment equity. Saint Mary's University encourages applications from qualified women, visible

minorities, Aboriginal people, and people with disabilities. Preference will be given to Canadian citizens and permanent residents of Canada.

Department/Faculty: Chemistry/Physics
Course Name: Lab – Intro Inorganic Chemistry
Course Code: CHEM 210L LA
Academic Term: Fall
Class Timetable: F 9:00AM – 11:45AM
Course Unit Value: 0.25

Start Date: 9/9/2020
End Date: 1/8/2021

Qualifications:

Candidates should have a BSc in Chemistry, a Master's degree in either Chemistry or Education, and experience in lab instruction. Experience with teaching online, and with Moodle/Collaborate Ultra would be an asset.

As the university has shifted to online delivery in the fall due to the pandemics, the lab format will be adjusted such that the instructor will be expected to prepare and teach three virtual labs during the Fall term and teach five face-to-face labs (outside the fall term) during

January

4-8 in 2021.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Monitoring student lab work in a weekly synchronous online learning

environment. Being available for consultation via email and Collaborate.

Evaluating lab reports submitted online. See course description for CHEM

2101 for more information.

Remuneration: Remuneration is in accordance with the Collective Agreement

between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Department Chair: Dr. Aibing Xia, Dept. of Chemistry

Email: chemphys@msvu.ca

Application deadline: 8/26/2020

Department/Faculty: Chemistry/Physics

Course Name: Lab – Organic Chemistry I

Course Code: CHEM 241L LD

Academic Term: Fall

Class Timetable: TBA (see below)

Course Unit Value: 0.25

Start Date: 9/9/2020

End Date: 12/19/2020

Qualifications:

Candidates should have a BSc in Chemistry, a Master's degree in either Chemistry or Education, and experience in lab instruction. Experience with teaching online, and with Moodle/Collaborate Ultra would be an asset.

As the university has shifted to online delivery in the fall due to the pandemics, the lab format will be adjusted such that the instructor will be expected to prepare and teach three virtual labs during the Fall term and teach five face-to-face labs on Oct. 13, 14, 20, 21, 27 from 5:00 PM to 8:00 PM.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Monitoring student lab work in a weekly synchronous online learning environment. Being available for consultation via email and Collaborate.

Evaluating lab reports submitted online. See course description of CHEM 2401 for more information.

Remuneration: Remuneration is in accordance with the Collective Agreement

between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Department Chair: Dr. Aibing Xia, Dept. of Chemistry

Email: chemphys@msvu.ca

Application deadline: 8/19/2020

Course: **CHEM 1210.1LB** **LABORATORY**

1210 General Chemistry I

Department: Department of Chemistry

Semester: Fall 2020 (September 9, 2020 – December 22, 2020)

Schedule: Laboratory **Tuesdays** 2:30 pm – 5:29 pm (this may be changed if Department decides to change to asynchronous class delivery)

Academic Calendar Description:

An introduction to general topics in chemistry including composition and properties of matter, reaction stoichiometry, chemical reactions, atomic structure, the periodic table, chemical bonding, molecular geometry and gases. The course is intended for students interested in the physical sciences, life sciences and for students in the engineering program.

Additional Details:

Laboratory only. Other available lab sections posted separately.

****COVID-19 special circumstances: Saint Mary's University is currently under virtual operations. Lectures related to this course will be completed remotely using platforms such as Zoom or Microsoft Teams. The successful candidate must have technology personally available to deliver lectures remotely. This will include items such as a webcam, computer etc.*****

Qualifications:

Applicants must possess at least an M.Sc. in Chemistry or related field. The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry.

Duties:

Responsibilities include delivery of the SMU Chemistry Program 121X Lab Curriculum, and working closely with Chemistry Technician. Duties include delivery of pre-lab lectures; instruction of students; supervision of TAs (when available); grading of student work and other evaluation required by the SMU Chemistry Department; course related student advising during office hours; and demonstrated compliance with all lab safety regulations.

Remuneration:

Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

Qualifications:

Candidates should have a BSc in Chemistry, a Master's degree in either Chemistry or Education, and experience in lab instruction. Experience with teaching online, and with Moodle/Collaborate Ultra would be an asset.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Monitoring student lab work in a weekly synchronous online learning environment. Being available for consultation via email and Collaborate.
Evaluating lab reports submitted online.

Remuneration: Remuneration is in accordance with the Collective

Agreement
between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Department Chair: Dr. Aibing Xia, Dept. of Chemistry

Email: chemphys@msvu.ca

Application deadline: 7/23/2020

Department/Faculty: Chemistry/Physics

Course Name: General Chemistry I

Course Code: CHEM 1011 01

Academic Term: Fall

Class Timetable: M 10:30AM – 11:45AM

Course Unit Value: 0.5

Start Date: 9/9/2020

End Date: 12/19/2020

Qualifications:

Candidates should have satisfactory experience in teaching General Chemistry, and must have attained a PhD in Chemistry.

Candidates must also have experience using the Blackboard

Collaborate

virtual classroom. Candidates must be willing to participate in additional

training in the optimum range of teaching operations in the Moodle LMS and

in the Collaborate virtual classroom, if necessary, to reach the required

level of competency before the course begins. Candidates must also be

sensitive to the needs of distant, mature and part-time learners.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

The candidate will assist with writing and proctoring exams on campus.

This is a coordinated course with a laboratory component. The laboratory components are taught by the laboratory instructor. Instructors are required to follow the course syllabus and guidelines for assignments, midterm and final exams, and grades.

Due to distance, the mailing of materials may extend beyond the traditional time frames of the course.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

CUPE 3912 Job Posting for Part-Time Instructor

Course: **CHEM 1210.1LC** **LABORATORY**

1210 General Chemistry I

Department: Department of Chemistry

Semester: Fall 2020 (September 9, 2020 – December 22, 2020)

Schedule: Laboratory **Wednesdays** 2:30 pm – 5:29 pm (this may be changed if Department decides to change to asynchronous class delivery)

Academic Calendar Description:

An introduction to general topics in chemistry including composition and properties of matter, reaction stoichiometry, chemical reactions, atomic structure, the periodic table, chemical bonding, molecular geometry and gases. The course is intended for students interested in the physical sciences, life sciences and for students in the engineering program.

Additional Details:

Laboratory only. Other available lab sections posted separately.

****COVID-19 special circumstances: Saint Mary's University is currently under virtual operations. Lectures related to this course will be completed remotely using platforms such as Zoom or Microsoft Teams. The successful candidate must have technology personally available to deliver lectures remotely. This will include items such as a webcam, computer etc.*****

Qualifications:

Applicants must possess at least an M.Sc. in Chemistry or related field. The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry.

Duties:

Responsibilities include delivery of the SMU Chemistry Program 121X Lab Curriculum, and working closely with Chemistry Technician. Duties include delivery of pre-lab lectures; instruction of students; supervision of TAs (when available); grading of student work and other evaluation required by the SMU Chemistry Department; course related student advising during office hours; and demonstrated compliance with all lab safety regulations.

Remuneration:

Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

How to Apply:

Applications are invited in the first instance from part-time faculty colleagues on the Saint Mary's precedence list. Applicants who currently hold a part-time teaching appointment at Saint Mary's University should submit a cover letter and a C.V. Applicants who do not currently hold a part-time teaching appointment at Saint Mary's University should submit a complete application (including a cover letter, CV, proof of academic credentials, name and contact information of three referees, and any evidence of teaching

effectiveness).

Applications are submitted as a ***single PDF file*** sent directly via email to: chemistry@smu.ca

The subject line must state "CHEM 1210 lab PT application – FALL".

Application Deadline: August 10, 2020

Saint Mary's University hires on the basis of merit and is committed to the principles of employment equity. Saint Mary's University encourages applications from qualified women, visible minorities, Aboriginal people, and people with disabilities. Preference will be given to Canadian citizens and permanent residents of Canada.

CUPE 3912 Job Posting for Part-Time Instructor

Course: **CHEM 234X.1LD** **LABORATORY**

2344 Organic Chemistry I and 2346 Organic Chemistry for Life Sciences

Department: Department of Chemistry

Semester: Fall 2020 (September 9, 2020 – December 22, 2020)

Schedule: Laboratory **Fridays** 2:30 pm – 5:29 pm (the times may be changed if Department decides to change to asynchronous class delivery)

Academic Calendar Description:

A course for students in the life sciences. The course covers the chemistry of the principle functional groups in organic molecules with special emphasis on the relevance of organic functional group

chemistry to molecules of biological importance. The functional group classes include: alcohols, thiols, phenols, ethers, epoxides, aldehydes, ketones, carboxylic acids, esters, amides, anhydrides, acid chlorides, nitriles, amines, amino acids, proteins, and carbohydrates. The course emphasizes the mechanistic approach to functional group reactivity and makes the connection to biochemistry at every opportunity. The stereochemical features of molecules of biological interest are emphasized.

Additional Details:

Laboratory only. Other available lab sections posted separately.

****COVID-19 special circumstances: Saint Mary's University is currently under virtual operations. Lectures related to this course will be completed remotely using platforms such as Zoom or Microsoft Teams. The successful candidate must have technology personally available to deliver lectures remotely. This will include items such as a webcam, computer etc.*****

Qualifications:

Applicants must possess at least an M.Sc. in Chemistry or related field. The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry.

Duties:

Duties include delivery of chemistry lab instruction; supervision and instruction of students; supervision of TAs (when available); grading of student work and other evaluation required by the SMU Chemistry Department; course-related student advising during office hours; and demonstrated compliance with all safety regulations.

Remuneration:

Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

How to Apply:

Applications are invited in the first instance from part-time faculty colleagues on the Saint Mary's precedence list. Applicants who do not currently hold a part-time teaching appointment at Saint Mary's University should submit a complete application (including a cover letter, CV, proof of academic credentials, name and contact information of three referees, and any evidence of teaching effectiveness).

Applications are submitted as a **single PDF file sent directly via email** to: chemistry@smu.ca

The subject line must state "CHEM 234X lab PT application – FALL".

Application Deadline: August 10, 2020

Saint Mary's University hires on the basis of merit and is committed to the principles of employment equity. Saint Mary's University encourages applications from qualified women, visible minorities, Aboriginal people, and people with disabilities. Preference will be given to Canadian citizens and permanent residents of Canada.

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 3445.1L LECTURE

3445 Organic Spectroscopy

Department: Department of Chemistry

Semester: Fall 2020 (September 9, 2020 – December 22, 2020)

Schedule: Lectures: 10:00 – 11:15 am Mondays and

Wednesdays (the times may be changed if Department decides to change to asynchronous class delivery)

Academic Calendar Description:

An introduction to the interpretation of ^1H and ^{13}C nuclear magnetic resonance spectra. Infrared spectroscopy, mass spectrometry, and ultra-violet spectrophotometry will also be applied to the problems of organic and organometallic structural determination.

Additional Details:

This ad for Lecture only.

Qualifications:

The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry. Applicants must possess at least an MSc in Chemistry or related field.

Duties:

Duties and responsibilities include lecture preparation and teaching, course-related student advising, and preparation and evaluation of all student assessments.

Remuneration:

Candidates must also have experience using the Blackboard Collaborate virtual classroom. Candidates must be willing to participate in additional training in the optimum range of teaching operations in the Moodle LMS and in the Collaborate virtual classroom, if necessary, to reach the required level of competency before the course begins. Candidates must also be sensitive to the needs of distant, mature and part-time learners.

Duties: Preparation, teaching, student consultation, grading and marking,
distribution of student evaluation questionnaires, involvement in student
appeals, and other duties appropriate to the
appointment. _____

Additional Duties:

The candidate will assist with writing and proctoring exams on campus.

Due to distance, the mailing of materials may extend beyond the traditional time frames of the course.

Remuneration: Remuneration is in accordance with the Collective Agreement
between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Department Chair: Dr. Aibing Xia, Dept. of Chemistry

Email: chemphys@msvu.ca

Application deadline: 2/27/2020

Department/Faculty: Chemistry/Physics
Course Name: LAB – Organic Chemistry I
Course Code: CHEM 241L LA
Academic Term: Summer Session I
Class Timetable: T,Th 9:00 – 11:45 am
Course Unit Value: 0.25

Start Date: 5/4/2020

End Date: 6/19/2020

Qualifications:

Candidates should have a BSc in Chemistry and experience in

Organic lab
instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 2401) to facilitate coordination.

Ensure university safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Department Chair: Dr. Aibing Xia, Dept. of Chemistry

Email: chemphys@msvu.ca

Application deadline: 2/27/2020

Department/Faculty: Chemistry/Physics
Course Name: LAB – Organic Chemistry I
Course Code: CHEM 241L LB
Academic Term: Summer Session I
Class Timetable: M,W 9:00 – 11:45 am

Course Unit Value: 0.25

Start Date: 5/4/2020

End Date: 6/19/2020

Qualifications:

Candidates should have a BSc in Chemistry and experience in Organic lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 2401) to facilitate coordination.
Ensure university safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 2/27/2020

Department/Faculty: Chemistry/Physics
Course Name: Introductory Biochemistry
Course Code: CHEM/BIOB 3501 01
Academic Term: Summer Session I

Class Timetable: M,T,W,Th 1:30 – 2:45 pm

Course Unit Value: 0.50

Start Date: 5/4/2020

End Date: 6/19/2020

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in the appropriate field at the University level, a PhD degree in Chemistry preferred.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Consultation with CHEM 351L lab instructor to facilitate coordination between lecture and lab.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Department Chair: Dr. Aibing Xia, Dept. of Chemistry

Email: chemphys@msvu.ca

Application deadline: 2/27/2020

Department/Faculty: Chemistry/Physics
Course Name: LAB – Introductory Biochemistry
Course Code: CHEM/BIOL 351L LA
Academic Term: Summer Session I
Class Timetable: M,W 9:00 – 11:45 am
Course Unit Value: 0.25

Start Date: 5/4/2020
End Date: 6/19/2020

Qualifications:

Candidates should have a BSc in Chemistry and experience in biochemistry lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM/BIOL 3501) to facilitate coordination.

Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

Course Name: Intermediary Metabolism

Course Code: CHEM/BIOB 3502 01

Academic Term: Summer Session II

Class Timetable: M,T,W,Th 1:30 – 2:45 pm

Course Unit Value: 0.50

Start Date: 7/6/2020

End Date: 8/21/2020

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in

the appropriate field at the University level. A PhD degree in Chemistry

preferred.

Duties: Preparation, teaching, student consultation, grading and marking,

distribution of student evaluation questionnaires, involvement in student

appeals, and other duties appropriate to the appointment. —————

Additional Duties:

Consultation with CHEM 352L lab instructor to facilitate coordination

between lecture and lab.

Remuneration: Remuneration is in accordance with the Collective Agreement

between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Department Chair: Dr. Aibing Xia, Dept. of Chemistry

Email: chemphys@msvu.ca

Application deadline: 3/12/2020

Department/Faculty: Chemistry/Physics

Course Name: Chemical Concepts

Course Code: CHEM 1005 18

Academic Term: Summer Session II

Class Timetable: T 6:00 – 8:00 pm

Course Unit Value: 0.50

Start Date: 7/6/2020

End Date: 8/21/2020

Qualifications:

Candidates should have a BSc in Chemistry and a Masters degree in either

Chemistry or Education. Experience with teaching online, and with Moodle

and Collaborate Ultra would be an asset.

Duties: Preparation, teaching, student consultation, grading and marking,

distribution of student evaluation questionnaires, involvement in student

appeals, and other duties appropriate to the appointment. _____

Additional Duties:

Consultation with CHEM 105D lab instructor to facilitate coordination

between lecture and lab.

Remuneration: Remuneration is in accordance with the Collective Agreement

between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Email: chemphys@msvu.ca

Application deadline: 3/12/2020

Department/Faculty: Chemistry/Physics

Course Name: LAB – Chemical Concepts

Course Code: CHEM 105D DA

Academic Term: Summer Session II

Class Timetable: Asynchronous Online

Course Unit Value: 0.25

Start Date: 7/6/2020

End Date: 8/21/2020

Qualifications:

Candidates should have a BSc in Chemistry, a Masters degree in either

Chemistry or Education, and experience in lab instruction.

Experience

with teaching online, and with Moodle and Collaborate Ultra

would be an
asset.

Duties: Preparation, teaching, student consultation, grading and marking,
distribution of student evaluation questionnaires, involvement in student
appeals, and other duties appropriate to the
appointment. _____

Additional Duties:

Monitoring student lab work in a weekly asynchronous learning environment.

Being available for consultation via email and Collaborate.

Evaluating lab reports submitted online.

Remuneration: Remuneration is in accordance with the Collective Agreement
between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and
the names of three references to:
Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 3/12/2020

Position Details

Position Information _____

POSITION TITLE	Part-Time Academic General Chemistry II-CHMA1001
DEPARTMENT/UNIT	Plant, Food and Envir Sciences
LOCATION	Truro
JOB SUMMARY & KEY RESPONSIBILITIES	<p>Work Assignment: This Part-time Academic will teach Lectures for CHMA1001 General Chemistry II for the period of January 2020 – April 2020. The class is currently scheduled for Mondays, Wednesdays and Fridays from 10.35am to 11.25am. The Part-time Academic will be responsible for all aspects of teaching and administering the class, including labs, test preparation and evaluation. The position reports to the Chair of the Department.</p>
QUALIFICATIONS/REQUIREMENTS OF POSITION	<p>At least one year experience in teaching in a postsecondary educational institution. Excellent oral, written communication, Collegiality and interpersonal skills. PhD in Chemistry, Agricultural Chemistry, Food Chemistry, Environmental Chemistry or related disciplines OR Masters with two year experience in Chemistry, Agricultural Chemistry, Food Chemistry, Environmental Chemistry or related disciplines.</p>
ADDITIONAL INFORMATION	<p>All offers of employment as a Part-Time Academic are conditional upon sufficient student enrolment in the course and approval by the University. If qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. Dalhousie University is committed to</p>

fostering a collegial culture grounded in diversity and inclusiveness. The university encourages applications from Indigenous persons, persons with a disability, racially visible persons, women, persons of a minority sexual orientation and/or gender identity, and all candidates who would contribute to the diversity of our community. For more information, please visit [www.dal.ca/hiringfordiversity](http://dal.ca/hiringfordiversity).

Documents Needed to Apply

Required Documents

1. Cover Letter
 2. Résumé / Curriculum Vitae (CV)
-

Department/Faculty: Chemistry/Physics
Course Name: Experimental Methods
Course Code: PHYS 2260 01

Academic Term: Winter
Class Timetable: T 1:30 – 4:15 PM
Course Unit Value: 0.5

Start Date: 1/6/2020
End Date: 4/29/2020

Qualifications:

Candidates should have satisfactory experience teaching Physics courses at the University level that involve an experimental component and a PhD or Masters degree in Physics or a related field.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

The successful candidate will be expected to set up weekly experiments outside of class time and to design some experiments for use in the class.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Department Chair: Dr. Aibing Xia, Dept. of Chemistry

Email: chemphys@msvu.ca

Application deadline: 10/25/2019

Department/Faculty: Chemistry/Physics
Course Name: Intermediary Metabolism
Course Code: CHEM/BIOLOG 3502 01
Academic Term: Winter
Class Timetable: MW 12:00 – 1:15 PM
Course Unit Value: 0.5

Start Date: 1/6/2020
End Date: 4/29/2020

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in the appropriate field at the University level. A PhD degree in Chemistry preferred.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Consultation with CHEM 352L lab instructor to facilitate coordination between lecture and lab.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 1210.2LA LABORATORY

1210 General Chemistry I

Department: Department of Chemistry

Semester: Winter 2020 (January 8, 2020 – April 18, 2020)

Schedule: Laboratory Friday 2:30 pm – 5:29 pm

Academic Calendar Description:

An introduction to general topics in chemistry including composition and properties of matter, reaction stoichiometry, chemical reactions, atomic structure, the periodic table, chemical bonding, molecular geometry and gases. The course is intended for students interested in the physical sciences, life sciences and for students in the engineering program.

Additional Details:

Laboratory only. Other available lab sections posted separately, if available.

Qualifications:

Applicants must possess at least an M.Sc. in Chemistry or related field. The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry.

Duties:

Duties include delivery of chemistry lab instruction; in-lab supervision and instruction of students; in-lab supervision of TAs (when available); grading of student work and other evaluation required by the SMU Chemistry Department; course-related

student advising during office hour; and demonstrated compliance with all safety regulations.

Remuneration:

Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

How to Apply:

Applications are invited in the first instance from part-time faculty colleagues on the Saint Mary's precedence list. Applicants who currently hold a part-time teaching appointment at Saint Mary's University should submit a cover letter and a CV. Applicants who do not currently hold a part-time teaching appointment at Saint Mary's University should submit a complete application (including a cover letter, CV, proof of academic credentials, name and contact information of three referees, and any evidence of teaching effectiveness).

Applications are submitted as a single PDF file sent directly via email to: chemistry@smu.ca

Application Deadline: October 21, 2019

Saint Mary's University hires on the basis of merit and is committed to the principles of employment equity. Saint Mary's University encourages applications from qualified women, visible minorities, Aboriginal people, and people with disabilities. Preference will be given to Canadian citizens and permanent residents of Canada.

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 1210.2LC LABORATORY

1210 General Chemistry I

Department: Department of Chemistry

Semester: Winter 2020 (January 8, 2020 – April 18, 2020)

Schedule: Laboratory Wednesday 2:30 pm – 5:29 pm

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 1211.2LD LABORATORY

1211 General Chemistry II

Department: Department of Chemistry

Semester: Winter 2020 (January 8, 2020 – April 18, 2020)

Schedule: Laboratory Thursday 2:30 pm – 5:29 pm

Academic Calendar Description:

A continuation of the introduction to general topics in chemistry including chemical equilibrium and applications to aqueous systems, physical equilibrium, thermodynamics, reaction kinetics, molecular structure, electrochemistry and organic chemistry. Emphasis is placed on applications to the physical sciences, including chemistry, geology and physics.

Additional Details:

Laboratory only. Other available lab sections posted separately, if available.

Qualifications:

Applicants must possess at least an M.Sc. in Chemistry or related field. The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry.

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 2345.1LA LABORATORY

2345 Organic Chemistry II

Department: Department of Chemistry

Semester: Winter 2020 (January 8, 2020 – April 18, 2020)

Schedule: Laboratory Tuesday 2:30 pm – 5:29 pm

Academic Calendar Description:

This course is for science students intending to go on to more advanced organic chemistry. Topics include: reaction mechanism as a means of understanding reactivity, introduction to synthesis design, the structure, nomenclature, physical properties, synthesis, and reactivity of monofunctional organic compounds: alkyl halides, alcohols, ethers, aldehydes, ketones, carboxylic acids and their derivatives, amines, and phenols.

Additional Details:

Laboratory only. Other available lab sections posted separately, if

available.

Qualifications:

Applicants must possess at least an M.Sc. in Chemistry or related field. The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry.

Duties:

Duties include delivery of chemistry lab instruction; in-lab supervision and instruction of students; in-lab supervision of TAs (when available); grading of student work and other evaluation required by the SMU Chemistry Department; course-related student advising during office hour; and demonstrated compliance with all safety regulations.

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 3451.2LB LABORATORY

3451 Introductory Biochemistry

Department: Department of Chemistry

Semester: Winter 2020 (January 8, 2020 – April 18, 2020)

Schedule: Laboratory Thursday 2:30 pm – 5:29 pm

Academic Calendar Description:

This course reviews and/or presents an introduction to the chemistry and biochemistry of macromolecules such as proteins,

enzymes, simple and complex carbohydrates, lipids, nucleic acids, and coenzymes. A relationship between the molecular structure of a given macromolecule, its properties, and its function in the living system is explored. The laboratory work concentrates on the isolation, purification, and analysis of naturally occurring macromolecules and includes study of their properties, using micro chemical measurements.

Additional Details:

Laboratory only. Other available lab sections posted separately, if available.

Qualifications:

Applicants must possess at least an M.Sc. in Chemistry or related field. The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry.

Duties:

Duties include delivery of chemistry lab instruction; in-lab supervision and instruction of students; in-lab supervision of TAs (when available); grading of student work and other evaluation required by the SMU Chemistry Department; course-related student advising during office hour; and demonstrated compliance with all safety regulations.

Remuneration:

Applications are submitted as a single PDF file sent directly via email to: chemistry@smu.ca

Application Deadline: October 21, 2019

Saint Mary's University hires on the basis of merit and is committed to the principles of employment equity. Saint Mary's University encourages applications from qualified women, visible minorities, Aboriginal people, and people with disabilities. Preference will be given to Canadian citizens and permanent residents of Canada.

Department/Faculty: Chemistry/Physics
Course Name: LAB – CHEM 1011 General Chemistry I
Course Code: CHEM 111L LE
Academic Term: Fall
Class Timetable: F 9:00 – 11:45 AM
Course Unit Value: 0.25

Start Date: 9/4/2019
End Date: 12/19/2019

Qualifications:
Candidates should have a BSc in Chemistry and experience in lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 1011) to facilitate coordination.
Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 8/13/2019

Department/Faculty: Chemistry/Physics
Course Name: Chemistry of Transition Metals
Course Code: CHEM 3102 01
Academic Term: Winter
Class Timetable: TTh 12:00 – 1:15 PM
Course Unit Value: 0.5 unit

Start Date: 1/6/2020
End Date: 4/29/2020

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in

the appropriate field at the University level and a PhD or Masters degree
in Chemistry or a related field.

Duties: Preparation, teaching, student consultation, grading and marking,
distribution of student evaluation questionnaires, involvement in student
appeals, and other duties appropriate to the appointment.

Additional Duties:

Consultation with Chem 312L lab instructor to facilitate coordination
between lecture and lab.

Remuneration: Remuneration is in accordance with the Collective Agreement
between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and
the names of three references to:
Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 8/6/2019

Department/Faculty: Chemistry/Physics
Course Name: General Chemistry II
Course Code: CHEM 1012 01
Academic Term: Winter
Class Timetable: MW 10:30 – 11:45 AM
Course Unit Value: 0.5 unit

Start Date: 1/6/2020
End Date: 4/29/2020

Qualifications:

Candidates should have satisfactory experience in teaching General Chemistry, and must have attained a PhD in Chemistry.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Consultation with Chem 112L lab instructor to facilitate coordination.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 8/6/2019

Chemistry**

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 234X.1LD LABORATORY

2344 Organic Chemistry I and 2346 Organic Chemistry for Life Sciences

Department: Department of Chemistry

Semester: Fall 2019 (September 4, 2019 – December 19, 2019)

Schedule: Laboratory Friday 2:30 pm – 5:29 pm

Academic Calendar Description:

A course for students in the life sciences. The course covers the chemistry of the principle functional groups in organic molecules with special emphasis on the relevance of organic functional group chemistry to molecules of biological importance. The functional group classes include: alcohols, thiols, phenols, ethers, epoxides, aldehydes, ketones, carboxylic acids, esters, amides, anhydrides, acid chlorides, nitriles, amines, amino acids, proteins, and carbohydrates. The course emphasizes the mechanistic approach to functional group reactivity and makes the connection to biochemistry at every opportunity. The stereochemical features of molecules of biological interest are emphasized.

Additional Details:

Laboratory only. Other available lab sections posted separately.

Qualifications:

Applicants must possess at least an M.Sc. in Chemistry or related field. The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry.

Duties:

Duties include delivery of chemistry lab instruction; in-lab supervision and instruction of students; in-lab supervision of TAs (when available); grading of student work and other evaluation required by the SMU Chemistry Department; course-related student advising during office hour; and demonstrated compliance with all safety regulations.

Remuneration:

Remuneration is in accordance with the Collective Agreement

between Saint Mary's University and CUPE 3912.

How to Apply:

Applications are invited in the first instance from part-time faculty colleagues on the Saint Mary's precedence list. Applicants who currently hold a part-time teaching appointment at Saint Mary's University should submit a cover letter and a C.V. Applicants who do not currently hold a part-time teaching appointment at Saint Mary's University should submit a complete application (including a cover letter, CV, proof of academic credentials, name and contact information of three referees, and any evidence of teaching effectiveness).

Applications are submitted as a single PDF file sent directly via email to: chemistry@smu.ca

Application Deadline: July 23, 2019

Saint Mary's University hires on the basis of merit and is committed to the principles of employment equity. Saint Mary's University encourages applications from qualified women, visible minorities, Aboriginal people, and people with disabilities. Preference will be given to Canadian citizens and permanent residents of Canada.

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 1210.1LE LABORATORY

1210 General Chemistry I

Department: Department of Chemistry

Semester: Fall 2019 (September 4, 2019 – December 19, 2019)

Schedule: Laboratory Fridays 2:30 pm – 5:29 pm

Academic Calendar Description:

An introduction to general topics in chemistry including composition and properties of matter, reaction stoichiometry, chemical reactions, atomic structure, the periodic table, chemical bonding, molecular geometry and gases. The course is intended for students interested in the physical sciences, life sciences and for students in the engineering program.

Additional Details:

Laboratory only. Other available lab sections posted separately.

Qualifications:

Applicants should possess at least an M.Sc. in Chemistry or related field. The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry.

Duties:

Responsibilities include delivery of the SMU Chemistry Program 121X Lab Curriculum, and working closely with Chemistry Technician. Duties include delivery of pre-lab lectures; in-lab supervision and instruction of students; in-lab supervision of TAs (when available); grading of student work and other evaluation required by the SMU Chemistry Department; course-related student advising during office hours; and demonstrated compliance with all lab safety regulations.

Remuneration:

Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

How to Apply:

Applications are invited in the first instance from part-time faculty colleagues on the Saint Mary's precedence list. Part-Time Academic Postings - Department of Chemistry
Posted by Department of Chemistry on July 5, 2019 in Job Postings
PART-TIME ACADEMIC POSTING

CHEM 1011A/1021A – 1 LAB ASSISTANT

Department of Chemistry, DALHOUSIE UNIVERSITY

Halifax, Nova Scotia, Canada B3H 4R2

POSTING DATE: July 5, 2019

APPLICATION DEADLINE: July 19, 2019

CHEM 1011A.03/1021A.03 – CONCEPTS IN CHEMISTRY I

1 Lab Assistant

September 1, 2019 – December 31, 2019

DEPARTMENT/LOCATION:

Department of Chemistry

PAY RATE:

As per CUPE 3912 Agreement

WORK ASSIGNMENT:

The Instructor is primarily responsible for providing support for the lab component of the class including instruction to undergraduate students, supervising Teaching Assistant group, supervising undergraduate students, managing lab reports and assignments, and tutorial support. The

Instructor may also assist with lecture support as required. This position reports to the Dean of the Faculty of Science through the Chair of the Department of Chemistry.

REQUIREMENTS:

A minimum of an MSc in Chemistry; previous teaching experience in 1st-year chemistry at University level is a definite asset.

The application package should be submitted as a single PDF file to chmchair@dal.ca and should consist of a cover letter, curriculum vitae, summary of relevant teaching experience, and names/contact information of two referees, by the posting deadline.

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University.

PART-TIME ACADEMIC POSTING**CHEM 1012B/1022B – 1 LAB ASSISTANT****Department of Chemistry, DALHOUSIE UNIVERSITY****Halifax, Nova Scotia, Canada B3H 4R2****POSTING DATE: July 5, 2019**

APPLICATION DEADLINE: July 19, 2019

CHEM 1012A.03/1022B.03 – CONCEPTS IN CHEMISTRY II

1 Lab Assistant

January 1, 2020 – April 30, 2020

DEPARTMENT/LOCATION:

Department of Chemistry

PAY RATE:

As per CUPE 3912 Agreement

WORK ASSIGNMENT:

The Instructor is primarily responsible for providing support for the lab component of the class including instruction to undergraduate students, supervising Teaching Assistant group, supervising undergraduate students, managing lab reports and assignments, and tutorial support. The Instructor may also assist with lecture support as required. This position reports to the Dean of the Faculty of Science through the Chair of the Department of Chemistry.

REQUIREMENTS:

A minimum of an MSc in Chemistry; previous teaching experience in 1st-year chemistry at University level is a definite asset.

PART-TIME ACADEMIC POSTING

CHEM 1012B/1022B – 1 LECTURE ASSISTANT

Department of Chemistry, DALHOUSIE UNIVERSITY

Halifax, Nova Scotia, Canada B3H 4R2

POSTING DATE: July 5, 2019

APPLICATION DEADLINE: July 19, 2019

CHEM 1012B.03/1022B.03 – CONCEPTS IN CHEMISTRY II

1 Lecture Assistant

January 1, 2020 – April 30, 2020

DEPARTMENT/LOCATION:

Department of Chemistry

PAY RATE:

As per CUPE 3912 Agreement

WORK ASSIGNMENT:

The instructor position is responsible for providing support for the lecture component of the class, including assisting with test and exam management, on-line student assistance, marking, test and exam invigilation, tutorial support and liaising with Resource Centre Assistants as is

necessary. This position reports to the Dean of the Faculty of Science through the Chair of the Department of Chemistry.

REQUIREMENTS:

A minimum of a BSc in Chemistry; previous teaching experience in 1st-year chemistry at University level is a definite asset.

The application package should be submitted as a single PDF file to chmchair@dal.ca and should consist of a cover letter, curriculum vitae, summary of relevant teaching experience, and names/contact information of two referees, by the posting deadline.

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University.

PART-TIME ACADEMIC POSTING

CHEM 2442A – 1 LECTURER POSITION

Department of Chemistry, DALHOUSIE UNIVERSITY

Halifax, Nova Scotia, Canada B3H 4R2

POSTING DATE: July 5, 2019

APPLICATION DEADLINE: July 19, 2019

CHEM 2442A – ORGANIC CHEMISTRY FOR PHARMACY STUDENTS

1 Lecturer Position

September 1, 2019 – December 31, 2019

DEPARTMENT/LOCATION:

Department of Chemistry

PAY RATE:

As per CUPE 3912 Agreement

WORK ASSIGNMENT:

The Instructor is responsible for assisting with all aspects of the specified class, preparing and delivering class lectures, holding tutorials; holding office hours; preparing and grading assignments; tests and exams. This position reports to the Dean of the Faculty of Science through the Chair of the Department of Chemistry.

REQUIREMENTS:

MSc in Chemistry with emphasis in Organic Chemistry; previous

teaching experience in chemistry at university level is a definite asset.

The application package should be submitted as a single PDF file to chmchair@dal.ca and should consist of a cover letter, curriculum vitae, summary of relevant teaching experience, and names/contact information of two referees, by the posting deadline.

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University.

Mount Saint Vincent University

Department/Faculty:
Chemistry/Physics Course Name: Chemical Concepts Course Code:
CHEM 1005 01 Academic Term: Winter Class Timetable: MW 12:00pm
– 1:15pm Course Unit Value: 0.5 unit

Start Date: 1/6/2020 End Date:
4/29/2020 Qualifications:
Candidates should have a BSc in Chemistry and a Masters degree in
either Chemistry or Education.

Duties: Preparation, teaching, student consultation, grading and
marking, distribution of student evaluation questionnaires,
involvement in student appeals, and other duties appropriate to the
appointment.

Additional
Duties: Consultation with CHEM 105L lab instructor to facilitate
coordination between lecture and lab.

Remuneration: Remuneration
is in accordance with the Collective Agreement between Mount Saint
Vincent University and CUPE 3912

How to apply: Send your
application accompanied by curriculum vitae and the names of three
references to: Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca Application deadline: 6/20/2019

Department/Faculty: Chemistry/Physics Course Name: Introductory
Biochemistry Course Code: CHEM/BIO 3501 01 Academic Term: Fall
Class Timetable: MW 12:00 – 1:15 pm Course Unit Value: 0.5 unit

————— Start Date: 9/4/2019 End Date:
12/19/2019 —————

————— Qualifications:

Candidates should have satisfactory experience in teaching
Chemistry in the appropriate field at the University level, a PhD
degree in Chemistry preferred. —————

Duties: Preparation, teaching, student consultation, grading and
marking, distribution of student evaluation questionnaires,
involvement in student appeals, and other duties appropriate to the
appointment. —————

Additional
Duties: Consultation with CHEM 351L lab instructor to facilitate
coordination between lecture and lab.

————— Remuneration: Remuneration
is in accordance with the Collective Agreement between Mount Saint
Vincent University and CUPE 3912

————— How to apply: Send your
application accompanied by curriculum vitae and the names of three
references to: Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca Application deadline: 6/20/2019

Department/Faculty: Chemistry/Physics Course Name: Chemical
Thermodynamics Course Code: CHEM/PHYS 2301 01 Academic Term:
Fall Class Timetable: TTh 4:30 – 5:45 PM Course Unit Value: 0.5 unit

————— Start Date: 9/4/2019 End Date: 12/19/2019 ————— Qualifications:

Candidates should have a BSc in Chemistry and a Masters degree in either Chemistry or Education. Experience with teaching online, and with Moodle and Collaborate Ultra would be an asset.

————— Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

————— Additional Duties:

————— Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

————— How to apply: Send your application accompanied by curriculum vitae and the names of three references to: Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca Application deadline: 6/20/2019

Department/Faculty: Chemistry/Physics Course Name: Intro Astronomy: Sky & Planet Course Code: PHYS 1120 18 Academic Term: Fall Class Timetable: Asynchronous Online Course Unit Value: 0.5 unit

————— Start Date: 9/4/2019 End Date: 12/19/2019 ————— Qualifications:

Candidates should have satisfactory experience in teaching Astronomy to non-science majors at the University level and a PhD or MSc degree in physics or a related field. Candidates must also have experience using the Blackboard Collaborate virtual classroom. Candidates must be willing to participate in additional training in the optimum range of teaching operations in the Moodle LMS and in the

Collaborate virtual classroom, if necessary, to reach the required level of competency before the course begins. Candidates must also be sensitive to the needs of distant, mature and part-time learners.

----- Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

----- Additional Duties: The candidate will assist with writing and proctoring exams on campus. Due to distance, the mailing of materials may extend beyond the traditional time frames of the course.

----- Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

----- How to apply: Send your application accompanied by curriculum vitae and the names of three references to: Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca Application deadline: 6/20/2019

Department/Faculty: Chemistry/Physics
Course Name: LAB – CHEM 1005 Chemical Concepts
Course Code: CHEM 105L LA
Academic Term: Winter
Class Timetable: M 1:30 – 4:15 PM
Course Unit Value: 0.25 unit

Start Date: 1/6/2020
End Date: 4/29/2020

Qualifications:
Candidates should have a BSc in Chemistry and experience in lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment. —————

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 1005) to facilitate coordination.

Ensure University safety guidelines are met.
—————

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912
—————

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Department Chair: Dr. Aibing Xia, Dept. of Chemistry

Email: chemphys@msvu.ca

Application deadline: 6/11/2019
—————
—————

Department/Faculty: Chemistry/Physics

Course Name: LAB – CHEM 2402 Organic Chemistry II

Course Code: CHEM 242L LA

Academic Term: Winter

Class Timetable: Th 1:30pm – 4:15pm

Course Unit Value: 0.25 unit
—————

Start Date: 1/6/2020

End Date: 4/29/2020
—————

Qualifications:

Candidates should have a BSc in Chemistry and experience in Organic lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 2402) to facilitate coordination.

Ensure university safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

Course Unit Value: 0.25 unit

Start Date: 7/2/2019
End Date: 8/16/2019

Qualifications:
Candidates should have a BSc in Chemistry and experience in Organic lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 2401) to facilitate coordination.
Ensure university safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 4/1/2019

Department/Faculty: Chemistry/Physics
Course Name: Intermediary Metabolism
Course Code: CHEM/BIOLOG 3502 01
Academic Term: Summer Session II
Class Timetable: MTWTh 1:30 – 2:45 PM
Course Unit Value: 0.5 unit

Start Date: 7/2/2019

End Date: 8/16/2019

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in the appropriate field at the University level, a PhD degree in Chemistry preferred.

Duties: Preparation, teaching, student consultation, grading and marking,
distribution of student evaluation questionnaires,
involvement in student
appeals, and other duties appropriate to the
appointment. —————

Additional Duties:

Consultation with CHEM 352L lab instructor to facilitate
coordination
between lecture and lab.

—————
Remuneration: Remuneration is in accordance with the
Collective Agreement
between Mount Saint Vincent University and CUPE 3912
—————

How to apply: Send your application accompanied by
curriculum vitae and
the names of three references to:

Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 4/1/2019

Part-Time Academic Posting - Department of Chemistry
Posted by Department of Chemistry on January 8, 2019 in Job
Postings
PART-TIME ACADEMIC POSTING

DALHOUSIE UNIVERSITY

Halifax, Nova Scotia, Canada B3H 4J3

SUMMER SCHOOL 2019

POSTING DATE: January 8, 2019

APPLICATION DEADLINE: January 21, 2019

POSITION:

PART-TIME ACADEMIC – SUMMER SCHOOL

Chem 2401D – May 6 – 28, 2019

Chem 2402E – May 30 – June 20, 2019

DEPARTMENT/LOCATION:

Department of Chemistry

PAY RATE:

as per CUPE 3912 agreement

WORK ASSIGNMENT:

The Part-time Academic is responsible for all aspects of the class: lecturing to students; holding office hours; developing class outline; preparing and grading assignments, tests and exams. This position reports to the Chair of the Department.

REQUIREMENTS:

PhD in Chemistry, previous teaching experience in organic chemistry.

If you are interested in the above position, please apply by email before the application deadline:

Dr. Norman P. Schepp, Chair

chmchair@dal.ca

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. Dalhousie University is committed to fostering a collegial culture grounded in diversity and inclusiveness. The university encourages applications from qualified Aboriginal people, persons with a disability, racially visible persons, women, persons of minority sexual orientations and gender identities, and all qualified candidates who would contribute to the diversity of our community.

Department/Faculty: Chemistry/Physics
Course Name: LAB – CHEM/BIOLOGICAL 3502 Intermediary
Metabolism
Course Code: CHEM/BIOLOGICAL 352L LC (3rd posting)
Academic Term: Winter
Class Timetable: T 5:00pm – 7:45pm
Course Unit Value: 0.25 unit

Start Date: 1/7/2019
End Date: 4/30/2019

Qualifications:
Candidates should have a BSc in Chemistry and experience in biochemistry lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires,

involvement in student
appeals, and other duties appropriate to the
appointment. _____

Additional Duties:

Laboratory set up and clean up, consultation with instructor
of the
lecture portion of the course(CHEM/BIOLOG 3502) to facilitate
coordination.

Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the
Collective Agreement
between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by
curriculum vitae and

the names of three references to:

Department Chair: Dr. Aibing Xia, Dept. of Chemistry

Email: chemphys@msvu.ca

Application deadline: 12/5/2018

Department/Faculty: Chemistry/Physics

Course Name: LAB – CHEM 2402 Organic Chemistry II

Course Code: CHEM 242L LB

Academic Term: Winter

Class Timetable: F 9:00-11:45am

Course Unit Value: 0.25 unit

Start Date: 1/7/2019

End Date: 4/30/2019

Qualifications:

Candidates should have a BSc in Chemistry and experience in Organic lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 2402) to facilitate coordination.

Ensure university safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 11/19/2018

Saint Mary's University
Department of Chemistry

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 4433 LABORATORY

Instrumental Analysis II: Materials Analysis

Department: Department of Chemistry

Semester: Winter 2019 (January 8, 2019 – April 18, 2019)

Schedule: LABORATORY: Wednesdays 2:30 pm – 5:29 pm

Academic Calendar Description:

Students examine advanced aspects of instrumental analysis for materials chemistry including (i) X-ray spectrometry; (ii) optical microscopy; (iii) electron microscopy; and (iv) scanning probe microscopy. Students will also study analog circuits and devices as well as digital electronics and additional topics at the discretion of the Instructor.

Additional Details:

This ad is for the LAB portion only. The Lecture portion is not available.

Qualifications:

The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry, and demonstrated expertise with the instrumentation listed above. Applicants must possess at least an M.Sc. in Chemistry or related field.

Duties:

Duties include delivery of chemistry lab instruction; in-lab supervision and instruction of students; in-lab supervision of TAs (when available); preparation and grading of all student assessments; and demonstrated compliance with all lab safety regulations. Responsibilities also include course-related student advising.

Remuneration: Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

How to Apply:

Applications are invited in the first instance from part-time faculty colleagues on the Saint Mary's precedence list. Applicants who currently hold a part-time teaching appointment at Saint Mary's University should submit a cover letter and a C.V. Applicants who do not currently hold a part-time teaching appointment at Saint Mary's University should submit a complete application (including a cover letter, CV, proof of academic credentials, name and contact information of three referees, and any evidence of teaching effectiveness).

Submissions are made as a single PDF file sent directly via email to: chemistry@smu.ca

Application Deadline: November 14, 2018

Saint Mary's University hires on the basis of merit and is committed to the principles of employment equity. Saint Mary's University encourages applications from qualified women, visible minorities, Aboriginal people, and people with disabilities. Preference will be given to Canadian citizens and permanent residents of Canada.

Saint Mary's University
Chemistry
CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 3415.2L LECTURE

Polymers

Department: Department of Chemistry

Semester: Winter 2019 (January 8, 2019 – April 18, 2019)

Schedule: Lectures: 11:30 am – 12:45pm Tuesdays and Thursdays

Academic Calendar Description:

Students explore the physical chemistry of long-chain polymer molecules. Course material integrates and builds on foundation concepts in thermodynamics, kinetics, bonding and structure, as

well as synthesis, and analytical methods. Topics include chain conformations; molecular weight averages, distributions and measurement; survey of different types of polymerization and polymerization kinetics; polymer solutions; phase behaviour; physical properties of glass and crystalline states; structure and morphology; survey of natural polymers, biopolymers and degradation; structure-property relationships and end-use applications.

Additional Details:

This ad for Lecture only.

Qualifications:

The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry. Applicants must possess at least an M.Sc. in Chemistry or related field.

Duties:

Duties and responsibilities include lecture preparation and in-class teaching, course-related student advising, and preparation and evaluation of all student assessments.

Remuneration:

Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

How to Apply:

Applications are invited in the first instance from part-time faculty colleagues on the Saint Mary's precedence list. Applicants who currently hold a part-time teaching appointment at Saint Mary's University should submit a cover letter and a C.V. Applicants who do not currently hold a part-time teaching appointment at Saint Mary's University should submit a complete application (including a cover letter, CV, proof of academic credentials, name and contact information of three referees, and any evidence of teaching effectiveness).

Submissions are made as a single PDF file sent directly via email

to: chemistry@smu.ca.

Application Deadline: October 19, 2018

Saint Mary's University hires on the basis of merit and is committed to the principles of employment equity. Saint Mary's University encourages applications from qualified women, visible minorities, Aboriginal people, and people with disabilities. Preference will be given to Canadian citizens and permanent residents of Canada.

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 121X.2LB LABORATORY
121X (X= 1, 2, 3) General Chemistry II
Department: Department of Chemistry
Semester: Winter 2019 (January 8, 2019 – April 18, 2019)
Schedule: Laboratory 2:30 pm – 5:29 pm Monday

Academic Calendar Description:

CHEM 1211/1212/1213 General Chemistry II for Physical Sciences/Life Sciences/Engineering

A continuation of the introduction to general topics in chemistry including chemical equilibrium and applications to aqueous systems, physical equilibrium, thermodynamics, reaction kinetics, molecular structure, electrochemistry and organic chemistry.

Emphasis is placed on applications to the physical sciences, including chemistry, geology and physics / life sciences, including

biology / the related field of engineering.

Additional Details:

Laboratory only.

Qualifications:

The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry. Applicants must possess at least an M.Sc. in Chemistry or related field.

Duties:

Responsibilities include delivery of the SMU Chemistry Program 121X Lab Curriculum, and working closely with the Chemistry Technician. Duties include delivery of pre-lab lectures; in-lab supervision and instruction of students; in-lab supervision of TAs; grading of student work and other evaluation required by the SMU Chemistry Department; and demonstrated compliance with all lab safety regulations. Responsibilities also include course-related student advising.

Remuneration:

Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

How to Apply:

Applications are invited in the first instance from part-time faculty colleagues on the Saint Mary's precedence list. Applicants who currently hold a part-time teaching appointment at Saint Mary's University should submit a cover letter and a C.V. Applicants who do not currently hold a part-time teaching appointment at Saint Mary's University should submit a complete application (including a cover letter, CV, proof of academic credentials, name and contact information of three referees, and any evidence of teaching effectiveness).

Submissions are made as a single PDF file sent directly via email to: chemistry@smu.ca.

Application Deadline: September 26, 2018

Saint Mary's University hires on the basis of merit and is committed to the principles of employment equity. Saint Mary's University encourages applications from qualified women, visible minorities, Aboriginal people, and people with disabilities. Preference will be given to Canadian citizens and permanent residents of Canada.

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 1210.2LB LABORATORY

General Chemistry I

Department: Department of Chemistry

Semester: Winter 2019 (January 8, 2019 – April 18, 2019)

Schedule: Laboratory 2:30 pm – 5:29 pm Thursday

Academic Calendar Description:

An introduction to general topics in chemistry including composition and properties of matter, reaction stoichiometry, chemical reactions, atomic structure, the periodic table, chemical bonding, molecular geometry and gases. The course is intended for students interested in the physical sciences, life sciences and for students in the engineering program.

Additional Details:

Laboratory only.

Qualifications:

The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry. Applicants must possess at least an M.Sc. in Chemistry or related field.

Duties:

Responsibilities include delivery of the SMU Chemistry Program 1210 Lab Curriculum, and working closely with the Chemistry Technician. Duties include delivery of pre-lab lectures; in-lab supervision and instruction of students; in-lab supervision of TAs; grading of student work and other evaluation required by the SMU Chemistry Department; and demonstrated compliance with all lab safety regulations. Responsibilities also include course-related student advising.

Remuneration:

Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 2313.2L LABORATORY

Physical Chemistry II

Department: Department of Chemistry

Semester: Winter 2019 (January 8, 2019 – April 18, 2019)

Schedule: Laboratory 2:30 pm – 5:29 pm Tuesday

Academic Calendar Description:

In this second course in Physical Chemistry, the focus is on processes by which change occurs in chemical systems and the rates of these changes. The first part of the course examines molecular motion in gases and liquids and the mobility of ions in solution. In the second part, the focus is on the branch of Physical Chemistry called Kinetics. The rates and mechanisms of simple and complex chemical reactions will be examined, including polymerization and reactions at surfaces. Topics may include catalysis and kinetics of crystallization.

Additional Details:

Laboratory only.

Qualifications:

The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry. Applicants must possess at least an M.Sc. in Chemistry or related field.

Duties:

Duties include delivery of chemistry lab instruction; in-lab supervision and instruction of students; in-lab supervision of TAs (when available); grading of student work and other evaluation

required by the SMU Chemistry Department; and demonstrated compliance with all lab safety regulations. Responsibilities also include course-related student advising.

Remuneration:

Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

How to Apply:

Applications are invited in the first instance from part-time faculty colleagues on the Saint Mary's precedence list. Applicants who currently hold a part-time teaching appointment at Saint Mary's University should submit a cover letter and a C.V. Applicants who do not currently hold a part-time teaching appointment at Saint Mary's University should submit a complete application (including a cover letter, CV, proof of academic credentials, name and contact information of three referees, and any evidence of teaching effectiveness).

Submissions are made as a single PDF file sent directly via email to: chemistry@smu.ca.

Application Deadline: September 26, 2018

Saint Mary's University hires on the basis of merit and is committed to the principles of employment equity. Saint Mary's University encourages applications from qualified women, visible minorities, Aboriginal people, and people with disabilities. Preference will be given to Canadian citizens and permanent residents of Canada.

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 3424.2L LABORATORY

Inorganic Chemistry II

Department: Department of Chemistry

Semester: Winter 2019 (January 8, 2019 – April 18, 2019)

Schedule: Laboratory 2:30 pm – 5:29 pm Thursday

Academic Calendar Description:

This course examines the structure, bonding, and reactivity of transition metal complexes. Topics will include crystal field theory, ligand field theory, magnetism and electronic structure of coordination compounds; oxidation and reduction and substitution reactions of square planar and octahedral complexes. Ligands and an introduction to organometallic chemistry will also be covered.

Additional Details:

Laboratory only.

Qualifications:

The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry. Applicants must possess at least an M.Sc. in Chemistry or related field.

Duties:

Duties include delivery of chemistry lab instruction; in-lab supervision and instruction of students; in-lab supervision of TAs (when available); grading of student work and other evaluation required by the SMU Chemistry Department; and demonstrated compliance with all lab safety regulations. Responsibilities also include course-related student advising.

CUPE 3912 Job Posting for Part-Time Instructor

Course: CHEM 3451.2LB LABORATORY

Introductory Biochemistry

Department: Department of Chemistry

Semester: Winter 2019 (January 8, 2019 – April 18, 2019)

Schedule: Laboratory 2:30 pm – 5:29 pm Thursday

Academic Calendar Description:

This course reviews and/or presents an introduction to the chemistry and biochemistry of macromolecules such as proteins, enzymes, simple and complex carbohydrates, lipids, nucleic acids, and coenzymes. A relationship between the molecular structure of a given macromolecule, its properties, and its function in the living system is explored. The laboratory work concentrates on the isolation, purification, and analysis of naturally occurring macromolecules and includes study of their properties, using micro chemical measurements.

Additional Details:

Laboratory only.

Qualifications:

The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry. Applicants must possess at least an M.Sc. in Chemistry or related field.

Duties:

Duties include delivery of chemistry lab instruction; in-lab supervision and instruction of students; in-lab supervision of TAs (when available); grading of student work and other evaluation required by the SMU Chemistry Department; and demonstrated compliance with all lab safety regulations. Responsibilities include course-related student advising.

Remuneration:

Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

How to Apply:

Applications are invited in the first instance from part-time faculty

colleagues on the Saint Mary's precedence list. Applicants who currently hold a part-time teaching appointment at Saint Mary's University should submit a cover letter and a C.V. Applicants who do not currently hold a part-time teaching appointment at Saint Mary's University should submit a complete application (including a cover letter, CV, proof of academic credentials, name and contact information of three referees, and any evidence of teaching effectiveness).

Submissions are made as a single PDF file sent directly via email to: chemistry@smu.ca.

Application Deadline: September 26, 2018

Saint Mary's University hires on the basis of merit and is committed to the principles of employment equity. Saint Mary's University encourages applications from qualified women, visible minorities, Aboriginal people, and people with disabilities. Preference will be given to Canadian citizens and permanent residents of Canada.

Department/Faculty: Chemistry/Physics
Course Name: Intro Astronomy I: Sky & Planet
Course Code: PHYS 1120 01 (2nd posting)
Academic Term: Fall
Class Timetable: TTH 9:00 – 10:15 am
Course Unit Value: 0.5 unit

Start Date: 9/5/2018
End Date: 12/20/2018

Qualifications:
Candidates should have satisfactory experience in teaching

Physics in the
appropriate field at the University level, a PhD degree in
Physics
preferred.

Duties: Preparation, teaching, student consultation, grading
and marking,
distribution of student evaluation questionnaires,
involvement in student
appeals, and other duties appropriate to the
appointment.

Additional Duties:

Remuneration: Remuneration is in accordance with the
Collective Agreement
between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by
curriculum vitae and
the names of three references to:
Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 8/1/2018

Department/Faculty: Chemistry/Physics
Course Name: Intro Astronomy II: Stars
Course Code: PHYS 1130 01 (2nd posting)
Academic Term: Winter
Class Timetable: TTh 9:00 – 10:15 am
Course Unit Value: 0.5 unit

Start Date: 1/7/2019
End Date: 4/30/2019

Qualifications:

Candidates are expected to hold at least a Master's degree in Astronomy, Astrophysics, or closely related field. Relevant teaching experience at the University level is required.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:

Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 8/16/2018

Part-Time Academic Posting - Department of Chemistry

Posted by Department of Chemistry on July 12, 2018 in Job Postings

Please disregard Chemistry Posting – Chem 1012B Concepts in Chemistry II – 1 Lecture Assistant from the July 10th edition of Today@Dal

POSTING DATE: July 12, 2018

APPLICATION DEADLINE: July 23, 2018

CHEM 1012B CONCEPTS IN CHEMISTRY II

One Lecture Assistant Position

January 2019 – April 2019

DEPARTMENT/LOCATION: Department of Chemistry

PAY RATE: As per CUPE 3912 Agreement

WORK ASSIGNMENT: The Instructor is responsible for assisting with all aspects of the specified class: holding tutorials; holding office hours; preparing and grading assignments; tests and exams, and assisting with the laboratory component. This position reports to the Chair of the Department of Chemistry.

REQUIREMENTS: A minimum of a BSc in Chemistry or a related field and completion of a minimum of 1-year in a graduate program (MSc or PhD) in Chemistry or a related field. Previous teaching experience in chemistry at the University level is required. Course administrative (scheduling, organization and data entry) experience is also an asset.

The application package should be submitted as a single PDF file to chmchair@dal.ca and should consist of a cover letter, curriculum vitae, summary of relevant teaching experience, and names/contact information of three referees, by the posting deadline.

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

Dalhousie University is committed to fostering a collegial culture grounded in diversity and inclusiveness. The university encourages applications from Aboriginal people, persons with a disability, racially visible persons, women, persons of minority sexual orientations and gender identities, and all candidates who would contribute to the diversity of our community.

Saint Mary's University

Department of ChemistryCUPE 3912 Job Posting for Part-Time

InstructorCourse: CHEM 234X.1LD LABORATORY

2344 Organic Chemistry 1 and 2346 Organic Chemistry for Life Sciences

Department: Department of Chemistry

Semester: Fall 2018 (September 5, 2018 – December 18, 2018)

Schedule: Laboratory 2:30 pm – 5:29 pm FridayAcademic Calendar

Description:

A course for students in the life sciences. The course covers the chemistry of the principle functional groups in organic molecules with special emphasis on the relevance of organic functional group chemistry to molecules of biological importance. The functional group classes include: alcohols, thiols, phenols, ethers, epoxides, aldehydes, ketones, carboxylic acids, esters, amides, anhydrides, acid chlorides, nitriles, amines, amino acids, proteins, and carbohydrates. The course emphasizes the mechanistic approach to functional group reactivity and makes the connection to biochemistry at every opportunity. The stereochemical features of molecules of biological interest are emphasized.

Additional

Details:
Laboratory only.Qualifications:

The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry. Applicants must possess at least an M.Sc. in Chemistry or related field.Duties:

Duties include delivery of chemistry lab instruction; in-lab supervision and instruction of students; in-lab supervision of TAs (when available); grading of student work and other evaluation required by the SMU Chemistry Department; and demonstrated compliance with all lab safety regulations.

Remuneration:
Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.
How to Apply:
Applications are invited in the first instance from part-time faculty colleagues on the Saint Mary's precedence list. Additional Details:

This ad for Lecture only. LAB component posted separately.

Qualifications:

The preferred applicant will have demonstrated classroom and lab teaching experience in university chemistry. Applicants must possess at least an M.Sc. in Chemistry or related field.

Duties:

Duties and responsibilities include lecture preparation and in-class teaching, course-related student advising, and preparation and evaluation of all student assessments.

Remuneration:

Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

How to Apply:

Applications are invited in the first instance from part-time faculty colleagues on the Saint Mary's precedence list. Applicants who currently hold a part-time teaching appointment at Saint Mary's University should submit a cover letter and a C.V. Applicants who do not currently hold a part-time teaching appointment at Saint Mary's University should submit a complete application (including a cover letter, CV, proof of academic credentials, name and contact information of three referees, and any evidence of teaching effectiveness).

Submissions are made as a single PDF file sent directly via email to: chemistry@smu.ca

Application Deadline: August 1, 2018

Saint Mary's University hires on the basis of merit and is committed to the principles of employment equity. Saint Mary's University encourages applications from qualified women, visible minorities, Aboriginal people, and people with disabilities. Preference will be given to Canadian citizens and permanent residents of Canada.

Part-Time Academic Posting - Plant, Food, and Environmental Sciences

Posted by Plant, Food, and Environmental Sciences on June 5, 2018 in Job Postings
Part-time Academics

Faculty of Agriculture, Dalhousie University

Posting Date: 04 June 2018

Application Deadline: 20 June 2018

Position: Part-time Academics – Fall 2018

Department: Plant, Food, and Environmental Sciences

Pay Rate: In accordance with the CUPE collective agreement

Work Assignment: This Part-time Academic will teach Labs for CHMA1000- General Chemistry I (4 Sections – times and days to be determined) for the period of September – December 2018. The Part-time Academic will be responsible for all aspects of teaching and administering the labs, including lectures, labs, test preparation and evaluation. The position reports to the Chair of the Department.

At least one year experience in teaching in a postsecondary educational institution. Excellent oral, written communication, Collegiality and interpersonal skills. PhD in Chemistry, Agricultural Chemistry, Food Chemistry, Environmental Chemistry or related disciplines OR Masters with two year experience in Chemistry, Agricultural Chemistry, Food Chemistry, Environmental Chemistry or related disciplines.

Applications should include a curriculum vitae.

If you are interested in the above position, please apply in writing by the application deadline to:

Dr. Sam Asiedu, Chair

Department of Plant, Food, and Environmental Sciences

Dalhousie University

50 Pictou Rd, Suite 219

Truro, NS B2N 2R8

E-mail: sasiedu@dal.ca & margaret.savard@dal.ca Fax: (902) 893-1404

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University. Dalhousie University is committed to fostering a collegial culture grounded in diversity and inclusiveness. The University encourages applications from Aboriginal people, persons with a disability, racially visible persons, women, persons of minority sexual orientations and gender identities, and all candidates who would contribute to the diversity of our community.

Department/Faculty: Chemistry/Physics

Course Name: Laboratory for CHEM 2101 Intro Inorganic Chemistry

Course Code: CHEM 210L LA

Academic Term: Fall

Class Timetable: F 9:00am – 11:45am

Course Unit Value: 0.25 unit

Start Date: 9/5/2018

End Date: 12/20/2018

Qualifications:

Candidates should have a BSc in Chemistry and experience in inorganic lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking,

distribution of student evaluation questionnaires,
involvement in student
appeals, and other duties appropriate to the
appointment. _____

Additional Duties:

Laboratory set up and clean up, consultation with instructor
of the
lecture portion of the course (CHEM 2101) to facilitate
coordination.
Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the
Collective Agreement
between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by
curriculum vitae and
the names of three references to:
Department Chair: Dr. Aibing Xia, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 7/9/2018

Department/Faculty: Chemistry/Physics
Course Name: Laboratory for CHEM 2101 Intro Inorganic
Chemistry
Course Code: CHEM 210L LB
Academic Term: Fall
Class Timetable: F 1:30 – 4:15 pm

Additional Duties:

Consultation with CHEM 351L lab instructor to facilitate coordination between lecture and lab.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 3/15/2018

Department/Faculty: Chemistry/Physics

Course Name: LAB – CHEM/BIOLOGICAL 3501 Introductory
Biochemistry
Course Code: CHEM/BIOLOGICAL 351L LA
Academic Term: Summer Session I
Class Timetable: MW 9:00 – 11:45 am
Course Unit Value: 0.25 unit

Start Date: 5/7/2018

End Date: 6/22/2018

Qualifications:

Candidates should have a BSc in Chemistry and experience in biochemistry lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course(CHEM/BIOLOGICAL 3501) to facilitate coordination.
Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 3/15/2018

Department/Faculty: Chemistry/Physics

Course Name: Organic Chemistry I

Course Code: CHEM 2401 01

Academic Term: Summer Session II

Class Timetable: MTWTh 1:30 – 2:45pm

Course Unit Value: 0.5 unit

Start Date: 7/3/2018

End Date: 8/17/2018

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in the appropriate field at the University level. A PhD in Chemistry preferred.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Consultation with Chem 241L lab instructor to facilitate coordination between lecture and lab.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Department Chair: Dr. Cherif Matta, Dept. of Chemistry

Email: chemphys@msvu.ca

Application deadline: 3/28/2018

Department/Faculty: Chemistry/Physics

Course Name: LAB – CHEM 2401 Organic Chemistry I

Course Code: CHEM 241L LA

Academic Term: Summer Session II

Class Timetable: TTh 9:00 – 11:45am

Course Unit Value: 0.25 unit

Start Date: 7/3/2018

End Date: 8/17/2018

Qualifications:

Candidates should have a BSc in Chemistry and experience in Organic lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 2401) to facilitate coordination.
Ensure university safety guidelines are met.

Part-Time Academic Posting: Department of Chemistry

Posted by Department of Chemistry on October 31, 2017 in Job
Postings
Part-time Academic Posting

SUMMER SCHOOL 2018

POSTING DATE: October 31, 2017
APPLICATION DEADLINE: November 14, 2017

POSITION:
PART-TIME ACADEMIC – (SUMMER SCHOOL)
Chem 2401D – May 7 – 29, 2018
Chem 2402E – May 31 – June 22, 2018

DEPARTMENT/LOCATION:

Department of Chemistry

PAY RATE:

as per CUPE 3912 agreement

WORK ASSIGNMENT:

The Part-time Academic is responsible for all aspects of the class: lecturing to students; holding office hours; developing class outline; preparing and grading assignments, tests and exams. This position reports to the Chair of the Department.

REQUIREMENTS:

PhD in Chemistry, previous teaching experience in organic chemistry.

If you are interested in the above position, please apply by email before the application deadline:

Dr. Norman P. Schepp, Chair
chmchair@dal.ca

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority. Dalhousie University is committed to fostering a collegial culture grounded in diversity and inclusiveness. The university encourages applications from qualified Aboriginal people, persons with a disability, racially visible persons, women, persons of minority sexual orientations and gender identities, and all qualified candidates who would contribute to the diversity of our community.

Department/Faculty: Chemistry/Physics
Course Name: LAB – CHEM/BIOLOGICAL 3502 Intermediary
Metabolism
Course Code: CHEM/BIOLOGICAL 352L LD (2n posting)
Academic Term: Winter
Class Timetable: W 1:30 – 4:15pm
Course Unit Value: 0.25 unit

Start Date: 1/3/2018
End Date: 4/25/2018

Qualifications:

Candidates should have a BSc in Chemistry and experience in biochemistry lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course(CHEM/BIOLOGICAL 3502) to facilitate coordination.
Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:

Part-Time Academic Postings - Department of Chemistry

Posted by Department of Chemistry on July 12, 2017 in Job Postings

PART-TIME ACADEMIC POSTING

CHEM 1011A/1021A – 1 LECTURE/LAB ASSISTANT

Department of Chemistry, DALHOUSIE UNIVERSITY

Halifax, Nova Scotia, Canada B3H 4R2

POSTING DATE: July 12, 2017

APPLICATION DEADLINE: July 21, 2017

CHEM 1011A.03/1021A.03 CONCEPTS IN CHEMISTRY I

1 Lecture/Lab Assistant Position

September 1, 2017 – December 31, 2017

DEPARTMENT/LOCATION: Department of Chemistry

PAY RATE: As per CUPE 3912 Agreement

WORK ASSIGNMENT:

The Instructor is responsible for assisting with all aspects of the specified class which may include delivering lectures; holding tutorials; holding office hours; preparing and grading assignments; tests and exams, and assisting with the laboratory component. This position reports to the Chair of the Department of Chemistry.

REQUIREMENTS:

A minimum of a MSc in Chemistry; previous teaching experience in chemistry at university level is a definite asset.

PLEASE APPLY IN WRITING BY THE APPLICATION DEADLINE. Send a complete CV, summary of relevant teaching experience, and names of 3 references to:

Dr. Norman P. Schepp, Chair
Department of Chemistry
P.O. Box 15000, 6274 Coburg Road
Dalhousie University
Halifax, NS B3H 4R2

Department of Chemistry

CUPE 3912 Job Posting for Part-Time Inst

Course: 1210 General Chemistry I - Lab
Department: Department of Chemistry, Faculty of Science, Saint Mary's Univ
Semester: Fall, 2017 (September 6, 2017 – December 16, 2017)
Schedule: Laboratory 2:30 pm – 5:29 pm Friday (2 positions)

Academic Calendar Description:

An introduction to general topics in chemistry including composition and proper chemical reactions, atomic structure, the periodic table, chemical bonding, mole intended for students interested in the physical sciences, life sciences and for st

Additional Details:

Laboratory only.

Qualifications:

Preferred applicant will have laboratory teaching experience. Applicants must j related field. University teaching experience will be considered an asset.

Duties:

- To provide chemistry lab instruction (such as pre-lab tutorial) to undergrad
- To supervise and advise undergraduate students performing chemistry i
- To supervise Teaching Assistant (when available) helping with the lab in
- To mark student chemistry lab reports and complete any other form of i Chemistry Department
- Comply with safety regulation in place and maintain a safe environment

Remuneration:

Remuneration is in accordance with the Collective Agreement between S

How to Apply:

Applications are invited in the first instance from part-time faculty colleagu Applicants who currently hold a part-time teaching appointment at Saint Mary'

Department of Chemistry

CUPE 3912 Job Posting for Part-Time Inst

Course: 2344 / 2346 Organic Chemistry I / Organic Chemistry for Life Sci
Department: Department of Chemistry, Faculty of Science, Saint Mary's Univ
Semester: Fall, 2017 (September 6, 2017 – December 16, 2017)
Schedule: Laboratory 2:30 pm – 5:29 pm Thursday

Academic Calendar Description(s):

2344 Organic Chemistry I An introduction to organic chemistry designed for all general science, engineering or non-science. Topics covered include the structure, synthesis, reactions and spectroscopic properties of all classes of hydrocarbons: alkanes, alkenes, alkynes, dienes, polyenes, as well as the principle heterocyclic compounds. The course covers the reactivity of organic compounds and provides a thorough introduction to resonance.

2346 Organic Chemistry for Life Sciences A course for students in the life science program. The course covers the principle functional groups in organic molecules with special emphasis on the chemistry of molecules of biological importance. The functional group classes include alcohols, aldehydes, ketones, carboxylic acids, esters, amides, anhydrides, acids, proteins, and carbohydrates. The course emphasizes the mechanistic approach to the connection to biochemistry at every opportunity. The stereochemical features are emphasized.

Additional Details:

Laboratory only.

Qualifications:

Preferred applicant will have laboratory teaching experience. Applicants must have a degree in a related field. University teaching experience will be considered an asset.

Duties:

- To provide chemistry lab instruction (such as pre-lab tutorial) to undergraduate students
- To supervise and advise undergraduate students performing chemistry experiments
- To supervise Teaching Assistant (when available) helping with the lab instruction
- To mark student chemistry lab reports and complete any other form of evaluation

Department of Chemistry

CUPE 3912 Job Posting for Part-Time Inst

Course: 3424 Inorganic Chemistry II - Lab
Department: Department of Chemistry, Faculty of Science, Saint Mary's Univ
Semester: Winter, 2018 (January 3, 2018 – April 20, 2018)
Schedule: Laboratory 2:30 pm – 5:29 pm Thursday

Academic Calendar Description:

Inorganic Chemistry II This course examines the structure, bonding, and reactivity. Topics will include crystal field theory, ligand field theory, magnetism and electronic compounds; oxidation and reduction and substitution reactions of square planar and octahedral complexes. An introduction to organometallic chemistry will also be covered.

Additional Details:

Laboratory only.

Qualifications:

Preferred applicant will have laboratory teaching experience. Applicants must have a degree in a related field. University teaching experience will be considered an asset.

Duties:

- To provide chemistry lab instruction (such as pre-lab tutorial) to undergraduate students
- To supervise and advise undergraduate students performing chemistry experiments
- To supervise Teaching Assistant (when available) helping with the lab in the Department
- To mark student chemistry lab reports and complete any other form of evaluation
- Comply with safety regulation in place and maintain a safe environment

Remuneration:

Remuneration is in accordance with the Collective Agreement between Saint Mary's University and CUPE 3912.

How to Apply:

Applications are invited in the first instance from part-time faculty colleagues. Applicants who currently hold a part-time teaching appointment at Saint Mary's University should submit a C.V. Applicants who do not currently hold a part-time teaching appointment at Saint Mary's University should submit a letter of interest and a C.V.

Laboratory set up and clean up, consultation with instructor
of the
lecture portion of the course(CHEM/BIOLOGICAL 3502) to facilitate
coordination.
Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the
Collective Agreement
between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by
curriculum vitae and
the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 6/28/2017

Department/Faculty: Chemistry/Physics
Course Name: LAB – CHEM/BIOLOGICAL 3502 Intermediary
Metabolism
Course Code: CHEM/BIOLOGICAL 352L LD
Academic Term: Winter
Class Timetable: W 1:30pm – 4:15pm

Course Unit Value: 0.25 unit

Start Date: 1/3/2018
End Date: 4/25/2018

Qualifications:

Candidates should have a BSc in Chemistry and experience
in biochemistry
lab instruction.

Duties: Preparation, teaching, student consultation, grading
and marking,
distribution of student evaluation questionnaires,
involvement in student
appeals, and other duties appropriate to the
appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course(CHEM/BIOLOG 3502) to facilitate coordination.
Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 6/28/2017

Department/Faculty: Chemistry/Physics
Course Name: Intro Astronomy II: Stars
Course Code: PHYS 1130 01
Academic Term: Winter
Class Timetable: TTh 9:00am – 10:15am
Course Unit Value: 0.5 unit

Start Date: 1/3/2018
End Date: 4/25/2018

Qualifications:
Candidates are expected to hold at least a Master's degree in Astronomy, Astrophysics, or closely related field. Relevant teaching experience at the University level is required.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 6/28/2017

Department/Faculty: Chemistry/Physics
Course Name: LAB – PHYS 1102 General Physics II
Course Code: PHYS 102L LA
Academic Term: Winter
Class Timetable: F 1:30pm – 4:15pm
Course Unit Value: 0.25 unit

Start Date: 1/3/2018
End Date: 4/25/2018

Qualifications:
Candidates should have a BSc in Physics and experience in lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment. _____

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (PHYS 1102) to facilitate coordination.

Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 6/28/2017

Department/Faculty: Chemistry/Physics
Course Name: Chemistry of Everyday Life
Course Code: CHEM 1003 01
Academic Term: Fall
Class Timetable: W 6:00pm – 8:45pm
Course Unit Value: 0.5 unit

Start Date: 9/6/2017
End Date: 12/21/2017

Qualifications:

Candidates should have a BSc in Chemistry and a Masters degree in either Chemistry or Education.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 6/28/2017

Department/Faculty: Chemistry/Physics
Course Name: Organic Chemistry I
Course Code: CHEM 2401 01
Academic Term: Fall
Class Timetable: MW 10:30am – 11:45am
Course Unit Value: 0.5 unit

Start Date: 9/6/2017
End Date: 12/21/2017

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in the appropriate field at the University level. A PhD in Chemistry preferred.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Consultation with Chem 241L lab instructor to facilitate coordination between lecture and lab.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 6/28/2017

Department/Faculty: Chemistry/Physics
Course Name: Introductory Biochemistry
Course Code: CHEM/BIOLOG 3501 01
Academic Term: Fall
Class Timetable: MW 12:00pm – 1:15pm

Course Unit Value: 0.5 unit

Start Date: 9/6/2017

End Date: 12/21/2017

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in the appropriate field at the University level, a PhD degree in Chemistry preferred.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Consultation with CHEM 351L lab instructor to facilitate coordination

between lecture and lab.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Department of Chemistry

CUPE 3912 Job Posting for Part-Time Inst

Course: 2344 / 2346 Organic Chemistry I / Organic Chemistry for Life Sci
Department: Department of Chemistry, Faculty of Science, Saint Mary's Univ
Semester: Fall, 2017 (September 6, 2017 – December 16, 2017)
Schedule: Laboratory 2:30 pm – 4:29 pm Thursday

Academic Calendar Description(s):

2344 Organic Chemistry I An introduction to organic chemistry designed for all general science, engineering or non-science. Topics covered include the structure, synthesis, reactions and spectroscopic properties of all classes of hydrocarbons: alkanes, alkenes, alkynes, dienes, polyenes, as well as the principle heterocyclic compounds. The course covers the reactivity of organic compounds and provides a thorough introduction to resonance.

2346 Organic Chemistry for Life Sciences A course for students in the life science program. The course covers the principle functional groups in organic molecules with special emphasis on the chemistry of molecules of biological importance. The functional group classes include alcohols, aldehydes, ketones, carboxylic acids, esters, amides, anhydrides, acids, proteins, and carbohydrates. The course emphasizes the mechanistic approach to the connection to biochemistry at every opportunity. The stereochemical features are emphasized.

Additional Details:

Laboratory only.

Qualifications:

Preferred applicant will have laboratory teaching experience. Applicants must have related field. University teaching experience will be considered an asset.

Duties:

- To provide chemistry lab instruction (such as pre-lab tutorial) to undergraduate students
- To supervise and advise undergraduate students performing chemistry in the lab
- To supervise Teaching Assistant (when available) helping with the lab instruction
- To mark student chemistry lab reports and complete any other form of evaluation

Application deadline: 12/15/2016

Mount Saint Vincent University

Department/Faculty: Chemistry/Physics
Course Name: LAB – CHEM 2101 Intro Inorganic Chemistry
Course Code: CHEM 210L LB
Academic Term: Winter
Class Timetable: Th 5:00 – 7:45 pm
Course Unit Value: 0.25 unit

Start Date: 1/4/2017
End Date: 4/26/2017

Qualifications:

Candidates should have a BSc in Chemistry and experience in inorganic lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 2101) to facilitate coordination. Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 10/12/2016

Department/Faculty: Chemistry/Physics
Course Name: LAB – CHEM 2402 Organic Chemistry II
Course Code: CHEM 242L LA (2nd posting)
Academic Term: Winter
Class Timetable: Th 1:30 – 4:15 pm
Course Unit Value: 0.25 unit

Start Date: 1/4/2017
End Date: 4/26/2017

Qualifications:

Candidates should have a BSc in Chemistry and experience in Organic lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 2402) to facilitate coordination. Ensure university safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

Saint Mary's University

Department of Chemistry

Position: SMU Chemistry Dept. part-time Instruct

1210 General Chemistry I - Lab

Prerequisite: Nova Scotia Grade 12 Chemistry and Nova Scotia Grade 12 Science or equivalent

An introduction to general topics in chemistry including composition, reaction stoichiometry, chemical reactions, atomic structure, the periodic table, bonding, molecular geometry and gases. The course is intended for students in the physical sciences, life sciences and for students in the engineering program.

Responsibilities of Instructor:

- To provide chemistry lab instruction (such as pre-lab tutorial)
- To supervise and advise undergraduate students performing experiments
- To supervise Teaching Assistant (when available) helping with lab instruction
- To mark student chemistry lab reports and complete any other duties as required by the SMU Chemistry Department
- Comply with safety regulation in place and maintain a safe environment for students

Qualifications:

- Minimum of M.Sc. in Chemistry and experience in lab instruction

Salary according to CUPE Local 3912 Collective Agreement in effect

Available Lab Section: Friday 14:30 – 17:29

[Download \(PDF, 91KB\)](#)

[Download \(PDF, 91KB\)](#)

Position: SMU Chemistry Dept. part-time Instruct**3424 Inorganic Chemistry II - Laboratory**

Prerequisite: CHEM 2322

This course examines the structure, bonding, and reactivity of transition metal complexes. Topics will include crystal field theory, ligand field theory, magnetism and coordination compounds; oxidation and reduction and substitution reactions of octahedral complexes. Ligands and an introduction to organometallic chemistry are also covered.

Responsibilities of Instructor:

- To provide chemistry lab instruction (such as pre-lab tutorial)
- To supervise and advise undergraduate students performing experiments
- To supervise Teaching Assistant (when available) helping with lab instruction
- To mark student chemistry lab reports and complete any other duties as required by the SMU Chemistry Department
- Comply with safety regulation in place and maintain a safe environment for students

Qualifications:

- Minimum of M.Sc. in Chemistry and experience in lab instruction

Salary according to CUPE Local 3912 Collective Agreement in effect

Available Lab Section: Thursday 14:30 – 17:29

Start date: 2017-01-04

End date: 2017-04-19.

Part-Time Academic Posting - Department of Chemistry

Posted by Department of Chemistry on April 25, 2016 in Job Postings

PART-TIME ACADEMIC POSTING

CHEM 2401A-2402B – 2 LAB/LECTURE ASSISTANTS

POSTING DATE: April 25, 2016

APPLICATION DEADLINE: May 7, 2016

CHEM 2401A.03 ORGANIC CHEMISTRY I

September 2016 – December 2016

CHEM 2402B.03 ORGANIC CHEMISTRY II

January 2017 – April 2017

DEPARTMENT/LOCATION: Department of Chemistry

PAY RATE: As per CUPE 3912 Agreement

WORK ASSIGNMENT:

Primary duties include coordination and delivery of laboratory components of organic chemistry. Duties may also include some support of organic chemistry lectures, including marking of tests and exams. In addition, the position may occasionally be assigned tasks in other courses.

REQUIREMENTS:

The position requires a minimum of an MSc degree in Chemistry, with a specialization in organic chemistry; previous teaching experience in chemistry.

PLEASE APPLY IN WRITING BY THE APPLICATION DEADLINE. Send a complete CV, summary of relevant teaching experience, and names of 3 references to:

Dr. Norman P. Schepp, Chair
Department of Chemistry
P.O. Box 15000, 6274 Coburg Road
Dalhousie University
Halifax, NS B3H 4R2

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University.

Dalhousie University is committed to fostering a collegial culture grounded in diversity and inclusiveness. The university encourages applications from qualified Aboriginal people, persons with a disability, racially visible persons, women, persons of minority sexual orientations and gender identities, and all qualified candidates who would contribute to the diversity of our community.

PART-TIME ACADEMIC POSTING

CHEM 1410A – 1 LECTURER

Department of Chemistry, DALHOUSIE UNIVERSITY

Halifax, Nova Scotia, Canada B3H 4R2

POSTING DATE: April 20, 2016

APPLICATION DEADLINE: May 3, 2016

CHEM 1410A.03 INTRODUCTORY CHEMISTRY
RELATED TO HUMAN HEALTH

1 Lecturer Position

September 2016 – December 2016

DEPARTMENT/LOCATION:

Department of Chemistry

PAY RATE:

As per CUPE 3912 Agreement

WORK ASSIGNMENT:

The Instructor is responsible for assisting with all aspects of the specified class, preparing and delivering class lectures, holding tutorials; holding office hours; preparing and grading assignments; tests and exams. This position reports to the Chair of the Department of Chemistry.

REQUIREMENTS:

MSc in Chemistry or equivalent; previous teaching experience in chemistry at University level is a definite asset.

PLEASE APPLY IN WRITING BY THE APPLICATION DEADLINE. Send a complete CV, summary of relevant teaching experience, and names of 3 references to:

Dr. Norman P. Schepp, Chair
Department of Chemistry
P.O. Box 15000, 6274 Coburg Road
Dalhousie University
Halifax, NS B3H 4R2

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by

the University.

Dalhousie University is an Employment Equity/Affirmative Action employer. The University encourages applications from qualified Aboriginal peoples, people with a disability, racially visible persons and women.

PART-TIME ACADEMIC POSTING

CHEM 1012B/1022B – 1 LECTURE/LAB ASSISTANT

Department of Chemistry, DALHOUSIE UNIVERSITY

Halifax, Nova Scotia, Canada B3H 4R2

POSTING DATE: April 13, 2016

APPLICATION DEADLINE: April 20, 2016

CHEM 1012B.03/1022B.03 CONCEPTS IN CHEMISTRY 1

1 Lecture/Lab Assistant Position

June 2 – June 24, 2016

DEPARTMENT/LOCATION:

Department of Chemistry

PAY RATE:

As per CUPE 3912 Agreement

WORK ASSIGNMENT:

The Instructor is responsible for assisting with all aspects of the specified class which may include delivering lectures; holding tutorials; holding office hours; preparing and grading assignments; tests and exams, and assisting with the laboratory component. This position reports to the Chair of the Department of Chemistry.

REQUIREMENTS:

A minimum of a MSc in Chemistry; previous teaching experience in chemistry at

University level is a definite asset.

PLEASE APPLY IN WRITING BY THE APPLICATION DEADLINE. Send a complete CV, summary of relevant teaching experience, and names of 3 references to:

Department/Faculty: Chemistry/Physics
Course Name: Lab – CHEM 2401

Course Code: CHEM 241L LB
Academic Term: Summer Session I
Class Timetable: MW 9:00-11:45 am
Course Unit Value: 0.25 unit

Start Date: 5/9/2016
End Date: 6/24/2016

Qualifications:

Candidates should have a BSc in Chemistry and experience in Organic lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 2401) to facilitate coordination.
Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 3/25/2016

Department/Faculty: Chemistry/Physics
Course Name: Organic Chemistry I
Course Code: CHEM 2401 01
Academic Term: Summer Session I
Class Timetable: MTWTh 1:30-2:45 pm
Course Unit Value: 0.5 unit

Start Date: 5/9/2016
End Date: 6/24/2016

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in the appropriate field at the University level. A PhD degree in Chemistry preferred.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Consultation with CHEM 241L lab instructor to facilitate coordination between lecture and lab.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:

Part-Time Academic Posting - Department of Chemistry

Posted by Department of Chemistry on December 4, 2015 in Human Resources

SUMMER SCHOOL 2016

POSTING DATE:

December 4, 2015

APPLICATION DEADLINE:

December 18, 2015

TWO POSITIONS: PART-TIME ACADEMIC – (SUMMER SCHOOL)

Chem 2401 – May 9 – June 1, 2016

Chem 2402 – June 2 – June 24, 2016

DEPARTMENT/LOCATION: Department of Chemistry

WORK ASSIGNMENT:

The Part-time Academic is responsible for all aspects of the class: lecturing to students; holding office hours; developing class outline; preparing and grading assignments, tests and exams. This position reports to the Chair of the Department.

PAY RATE: as per CUPE 3912 agreement

REQUIREMENTS: PhD in Chemistry, previous teaching experience in organic chemistry.

IF YOU ARE INTERESTED IN THE ABOVE POSITION, PLEASE APPLY IN WRITING BY THE APPLICATION DEADLINE:

Dr. Norman P. Schepp, Chair
Department of Chemistry
Dalhousie University
6274 Coburg Road, P.O. Box 15000
Halifax, NS B3H 4R2

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University.

Dalhousie University is committed to fostering a collegial culture grounded in diversity and inclusiveness. The university encourages applications from qualified Aboriginal people, persons with a disability, racially visible persons, women, persons of minority sexual orientations and gender identities, and all qualified candidates who would contribute to the diversity of our community.

Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 10/19/2015

Position: SMU Chemistry Dept. part-time Instructor for Fall 2015:

1210 General Chemistry I – Lab

Prerequisite: Nova Scotia Grade 12 Chemistry and Nova Scotia Grade 12 Mathematics or equivalent

An introduction to general topics in chemistry including composition and properties of matter, reaction stoichiometry, chemical reactions, atomic structure, the periodic table, chemical bonding, molecular geometry and gases. The course is intended for students interested in the physical sciences, life sciences and for students in the engineering program.

Responsibilities of Instructor:

- To provide chemistry lab instruction (such as pre-lab tutorial) to undergraduate students
- To supervise and advise undergraduate students performing chemistry experiments
- To supervise Teaching Assistant (when available) helping with the lab instruction
- To mark student chemistry lab reports and complete any other form of evaluation required by the SMU Chemistry Department
- Comply with safety regulation in place and maintain a safe environment for staff and students

Qualifications:

- Minimum of M.Sc. in Chemistry and experience in lab instruction.

Salary according to CUPE Local 3912 Collective Agreement in effect

Available Lab Section: Friday 14:30 – 17:29

Start date: 2015-09-09. End date: 2015-12-19.

Application deadline: 2015-09-04

How to apply: Individuals who have instructed before in the SMU Chemistry department need only to send an updated CV (complete with education and past teaching experience). Other applicants need to send in addition a copy of their highest Science degree, a 500-word teaching philosophy, course evaluations from other institutions (if applicable), and name and contact information of 3 references. Although candidates of all nationalities are encouraged to apply, priority will be given to Canadian citizens and permanent residents (all applicants should clearly indicate their status as a Canadian citizen or permanent resident). Saint Mary's University is committed to the principles of employment equity.

Please specify all sections you wish to apply for.

Send application either by mail or by email to:

Dr. Robert Singer, Chairperson, Dept. of Chemistry, Saint Mary's University, Halifax, NS, B3H 3C3, Robert.Singer@smu.ca

Position: SMU Chemistry Dept. part-time Instructor for Fall 2015:

Class Timetable: T 1:30-4:15 pm

Course Unit Value: 0.25 unit

Start Date: 1/5/2016
End Date: 4/27/2016

Qualifications:

Candidates should have a BSc in Chemistry and experience in biochemistry lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course(CHEM/BIOLOG 3502) to facilitate coordination.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 8/16/2015

Department/Faculty: Chemistry/Physics
Course Name: Intermediary Metabolism – LAB
Course Code: CHEM/BIOB 352L LD
Academic Term: Winter
Class Timetable: W 1:30 – 4:15 pm

Course Unit Value: 0.25 unit

Start Date: 1/5/2016
End Date: 4/27/2016

Qualifications:

Candidates should have a BSc in Chemistry and experience in biochemistry lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course(CHEM/BIOB 3502) to facilitate coordination.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Department Chair: Dr. Cherif Matta, Dept. of Chemistry

Email: chemphys@msvu.ca

Application deadline: 8/16/2015

Department/Faculty: Chemistry/Physics

Course Name: Introductory Biochemistry – LAB

Course Code: CHEM/BIOL 351L LE

Academic Term: Fall

Class Timetable: M 6:00-8:45 pm

Course Unit Value: 0.25 unit

Start Date: 9/9/2015

End Date: 12/22/2015

Qualifications:

Candidates should have a BSc in Chemistry and experience in biochemistry

lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking,

distribution of student evaluation questionnaires,

involvement in student

appeals, and other duties appropriate to the

appointment. _____

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the

lecture portion of the course(CHEM/BIOL 3501) to facilitate coordination.

Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement

between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and

the names of three references to:

Department Chair: Dr. Cherif Matta, Dept. of Chemistry

Email: chemphys@msvu.ca

Application deadline: 7/30/2015

Department/Faculty: Chemistry/Physics

Course Name: Intermediary Metabolism -LAB

Course Code: CHEM/BIOL 352L LB

Academic Term: Winter

Class Timetable: M 1:30pm – 4:15pm

Course Unit Value: 0.25 unit

Start Date: 1/5/2016

End Date: 4/27/2016

Qualifications:

Candidates should have a BSc in Chemistry and experience in biochemistry

lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking,

distribution of student evaluation questionnaires,

involvement in student

appeals, and other duties appropriate to the

appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the

lecture portion of the course(CHEM/BIOL 3502) to facilitate coordination.

Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 8/16/2015

Department/Faculty: Chemistry/Physics
Course Name: Intermediary Metabolism
Course Code: CHEM/BIOL 3502 01
Academic Term: Winter
Class Timetable: MW 12:00-1:15pm
Course Unit Value: 0.5 unit

Start Date: 1/5/2016
End Date: 4/27/2016

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in the appropriate field at the University level, a PhD degree in Chemistry preferred.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the

appointment. _____

Additional Duties:

Consultation with Chem 352L lab instructor to facilitate coordination between lecture and lab.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 8/16/2015

Department/Faculty: Chemistry/Physics
Course Name: Chemical Concepts – LAB
Course Code: Chem 105L LA
Academic Term: Winter
Class Timetable: W 1:30-4:15pm
Course Unit Value: 0.25 unit

Start Date: 1/5/2016
End Date: 4/27/2016

Qualifications:

Candidates should have a BSc in Chemistry and experience in lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires,

involvement in student
appeals, and other duties appropriate to the
appointment. _____

Additional Duties:

Laboratory set up and clean up, consultation with instructor
of the
lecture portion of the course (CHEM 1005) to facilitate
coordination.

Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the
Collective Agreement
between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by
curriculum vitae and
the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 8/16/2015

Department/Faculty: Chemistry/Physics
Course Name: Organic Chemistry II – LAB
Course Code: Chem 242L LA
Academic Term: Winter
Class Timetable: Th 1:30-4:15pm
Course Unit Value: 0.25 unit

Start Date: 1/5/2016
End Date: 4/27/2016

Qualifications:

Candidates should have a BSc in Chemistry and experience
in Organic lab
instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 2402) to facilitate coordination.

Ensure university safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:

Application deadline: 8/16/2015

Department/Faculty: Chemistry/Physics
Course Name: Environmental Chemistry
Course Code: Chem 2505 18
Academic Term: Winter
Class Timetable: M 7:45 – 8:45 pm
Course Unit Value: 0.5 unit

Start Date: 1/5/2016
End Date: 4/27/2016

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in the appropriate field at the University level, a PhD degree in Chemistry is preferred including experience teaching via distance modes using Collaborate and/or Moodle.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:
Department Chair: Dr. Cherif Matta, Dept. of Chemistry
Email: chemphys@msvu.ca

Application deadline: 8/16/2015

Part-Time Academic Postings: Department of Chemistry

Posted by Department of Chemistry on June 17, 2015 in Job Postings

PART-TIME ACADEMIC POSTING

CHEM 1011A / 1021A – 4 LECTURE/LAB ASSISTANTS

Department of Chemistry, DALHOUSIE UNIVERSITY
Halifax, Nova Scotia, Canada B3H 4R2

POSTING DATE: June 17, 2015

APPLICATION DEADLINE: July 2, 2015

CHEM 1011A.03 / 1021A.03 CONCEPTS IN CHEMISTRY I
4 Lecture/Lab Assistant Positions

September 2015 – December 2015

DEPARTMENT/LOCATION:

Department of Chemistry

PAY RATE:

As per CUPE 3912 Agreement

WORK ASSIGNMENT:

The Instructor is responsible for assisting with all aspects of the specified class: holding tutorials; holding office hours; preparing and grading assignments; tests and exams, and assisting with the laboratory component. This position reports to the Chair of the Department of Chemistry.

REQUIREMENTS:

A minimum of a MSc in Chemistry; previous teaching experience in chemistry at university level is a definite asset.

PLEASE APPLY IN WRITING BY THE APPLICATION DEADLINE. Send a complete CV, summary of relevant teaching experience, and names of 3 references to:

Dr. Norman P. Schepp, Chair
Department of Chemistry
P.O. Box 15000, 6274 Coburg Road
Dalhousie University
Halifax, NS B3H 4R2

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University.

Dalhousie University is an Employment Equity/Affirmative Action employer. The University encourages applications from qualified Aboriginal peoples, people with a disability, racially visible persons and women.

PART-TIME ACADEMIC POSTING

CHEM 1410A – 1 LECTURER

Department of Chemistry, DALHOUSIE UNIVERSITY
Halifax, Nova Scotia, Canada B3H 4R2

POSTING DATE: June 17, 2015

APPLICATION DEADLINE: July 2, 2015

CHEM 1410A.03 INTRODUCTORY CHEMISTRY
RELATED TO HUMAN HEALTH
1 Lecturer Position

September 2015 – December 2015

DEPARTMENT/LOCATION:
Department of Chemistry

PAY RATE:
As per CUPE 3912 Agreement

WORK ASSIGNMENT:

The Instructor is responsible for assisting with all aspects of the specified class, preparing and delivering class lectures, holding tutorials; holding office hours; preparing and grading assignments; tests and exams. This position reports to the Chair of the Department of Chemistry.

REQUIREMENTS:

MSc in Chemistry or equivalent; previous teaching experience in chemistry at university level is a definite asset.

PLEASE APPLY IN WRITING BY THE APPLICATION DEADLINE. Send a complete CV, summary of relevant teaching experience, and names of 3 references to:

Application deadline: 6/30/2015

Position: SMU Chemistry Department part-time Instructor for

Fall 2015:

CHEM 1210.1 General Chemistry I (Lab section only)

Prerequisite: The equivalent of Nova Scotia Chemistry 12

Academic or equivalent; and either MATH 1210.1(.2), MATH 1190.1(.2) or CSCI 1226.1(.2) which may be taken concurrently.

An introduction to general topics in chemistry including composition and properties of matter, reaction stoichiometry, chemical reactions, atomic structure, the periodic table, chemical bonding, molecular geometry and gases. The course is intended for students interested in the physical sciences, life sciences and for students in the engineering program

Responsibilities of Instructor:

- To provide chemistry lab instruction (such as pre-lab tutorial) to undergraduate students
- To supervise and advise undergraduate students performing chemistry experiments

- To supervise Teaching Assistant (when available) helping with the lab instruction
- To mark student chemistry lab reports and complete any other form of evaluation required by the SMU Chemistry Department and or the University
- Comply with safety regulation in place and maintain a safe environment for staff and students

Qualifications:

- Minimum of B.Sc. in Chemistry and experience in lab instruction.

Salary according to CUPE Local 3912 Collective Agreement is in effect.

Available Lab Sections: Monday, Tuesday, Wednesday, Thursday, Friday 14:30-17:29

Start date: 2015-09-09. End date: 2015-12-18.

Application deadline: 2015-07-17

How to apply: Individuals who have instructed before in the SMU Chemistry department need only to send an updated CV (complete with education and past teaching experience). Other applicants need to send in addition a copy of their highest Science degree, a 500-word teaching philosophy, course evaluations from other institutions (if applicable), and name and contact information of 3 references. Although candidates of all nationalities are encouraged to apply, priority will be given to Canadian citizens and permanent residents (all applicants should clearly indicate their status as a Canadian citizen or permanent resident). Saint Mary's University is committed to the principles of employment equity. Please specify all sections of CHEM 1210.1 General Chemistry I (Lab section only) you wish to apply for. If applying for more than one course, send in separate applications for each course.

Send application either by mail or by email to:

Dr. Robert Singer, Chairperson, Dept. of Chemistry, Saint Mary's

University, Halifax, NS, B3H 3C3, robert.singer@smu.ca

Fall 2015:

Combined CHEM 2344.1(.2)/CHEM 2346.1(.2) Organic Chemistry I (Lab section only) and Organic Chemistry for Life Science
Prerequisite: CHEM 1211.1(.2) or 1212.1(.2) or 1213.1(.2).

An introduction to organic chemistry designed for all students in life science, physical science, general science, engineering or non-science. Topics covered include the structure, nomenclature, physical properties, synthesis, reactions and spectroscopic properties of all classes of hydrocarbons: alkanes, alkenes, alkynes, arenes, alicyclic compounds, polyenes, as well as the principle heterocyclic compounds. The course emphasizes the mechanistic approach to the reactivity of organic compounds and provides a thorough introduction to stereochemistry and nuclear magnetic resonance.

Responsibilities of Instructor:

- To provide chemistry lab instruction (such as pre-lab tutorial) to undergraduate students
- To supervise and advise undergraduate students performing chemistry experiments
- To supervise Teaching Assistant (when available) helping with the lab instruction
- To mark student chemistry lab reports and complete any other form of evaluation required by the SMU Chemistry Department
- Comply with safety regulation in place and maintain a safe environment for staff and students

Qualifications:

- Minimum of B.Sc. in Chemistry and experience in lab instruction.

Salary according to CUPE Local 3912 Collective Agreement is in effect.

Available Lab Sections: Tuesday, Thursday, Friday 14:30-17:29

Start date: 2015-09-09. End date: 2015-12-18.

Application deadline: 2015-07-17

Responsibilities of Instructor:

- To provide chemistry lab instruction (such as pre-lab tutorial) to undergraduate students
- To supervise and advise undergraduate students performing chemistry experiments
- To supervise Teaching Assistant (when available) helping with the lab instruction
- To mark student chemistry lab reports and complete any other form of evaluation required by the SMU Chemistry Department and or the University
- Comply with safety regulation in place and maintain a safe environment for staff and students

Qualifications:

- Minimum of B.Sc. in Chemistry and experience in lab instruction.

Salary according to CUPE Local 3912 Collective Agreement in effect.

Available Lab Sections: Wednesday, Thursday, Friday 14:30-17:29
Start date: 2016-01-05. End date: 2016-04-21.

Application deadline: 2015-07-17

How to apply: Individuals who have instructed before in the SMU Chemistry department need only to send an updated CV (complete with education and past teaching experience). Other applicants need to send in addition a copy of their highest Science degree, a 500-word teaching philosophy, course evaluations from other institutions (if applicable), and name and contact information of 3 references. Although candidates of all nationalities are encouraged to apply, priority will be given to Canadian citizens and permanent residents (all applicants should clearly indicate their status as a Canadian citizen or permanent resident). Saint Mary's University is committed to the principles of employment equity. Please specify all sections of CHEM 1210.2 General Chemistry I (labs only) you wish to apply for. If applying for more than one course, send in separate applications for each

COURSE.

Send application either by mail or by email to:

Dr. Robert Singer, Chairperson, Dept. of Chemistry, Saint Mary's University, Halifax, NS, B3H 3C3, robert.singer@smu.ca

Winter 2016:

CHEM 1211.2/1212.2/1213.2 General Chemistry II (Lab section only)

Prerequisite: CHEM 1210.1(.2) and either MATH 1210.1(.2) or 1211.1(.2) which may be taken concurrently.

A continuation of the introduction to general topics in chemistry including chemical equilibrium and applications to aqueous systems, physical equilibrium, thermodynamics, reaction kinetics, molecular structure, electrochemistry and organic chemistry.

Responsibilities of Instructor:

- To provide chemistry lab instruction (such as pre-lab tutorial) to undergraduate students
- To supervise and advise undergraduate students performing chemistry experiments
- To supervise Teaching Assistant (when available) helping with the lab instruction
- To mark student chemistry lab reports and complete any other form of evaluation required by the SMU Chemistry Department
- Comply with safety regulation in place and maintain a safe environment for staff and students

Qualifications:

- Minimum of B.Sc. in Chemistry and experience in lab instruction.

Salary according to CUPE Local 3912 Collective Agreement in effect

Available Lab Sections: Monday, Tuesday, Wednesday and Friday, 14:30-17:29

Start date: 2016-01-05. End date: 2016-04-21.

Application deadline: 2015-07-17

Dr. Robert Singer, Chairperson, Dept. of Chemistry, Saint Mary's University, Halifax, NS, B3H 3C3, robert.singer@smu.ca

Position: SMU Chemistry Department part-time Instructor for

Winter 2016:

CHEM 3451.2 Introductory Biochemistry (Lecture)

Prerequisite: CHEM 2345 or CHEM 2346

This course reviews and/or presents an introduction to the chemistry and biochemistry of macromolecules such as proteins, enzymes, simple and complex carbohydrates, lipids, nucleic acids, and coenzymes. A relationship between the molecular structure of a given macromolecule, its properties, and its function in the living system is explored. The laboratory work concentrates on the isolation, purification, and analysis of naturally occurring macromolecules and includes study of their properties, using micro chemical measurements.

Responsibilities of Instructor:

- To prepare, deliver and coordinate the lecture
- To supervise and advise undergraduate students performing chemistry experiments
- To supervise Teaching Assistant (when available) helping with marking
- To mark student assignments and complete any other form of evaluation required by the SMU Chemistry Department and or the University

- Comply with safety regulation in place and maintain a safe environment for staff and students

Qualifications:

- Minimum of a PhD in Chemistry or Biochemistry and experience in instruction.

Salary according to CUPE Local 3912 Collective Agreement is in effect.

Available Lecture: Monday/Wednesday 11:30-12:45 pm

Start date: 2016-01-05. End date: 2016-04-21.

Application deadline: 2015-07-17

How to apply: Individuals who have instructed before in the SMU Chemistry department need only to send an updated CV (complete with education and past teaching experience). Part-Time Academic Postings: Department of Chemistry

Posted by Department of Chemistry on March 17, 2015 in Job Postings
(1)

PART-TIME ACADEMIC POSTING

CHEM 1011A / 1021A – 4 LECTURE/LAB ASSISTANTS

Department of Chemistry, DALHOUSIE UNIVERSITY
Halifax, Nova Scotia, Canada B3H 4R2

POSTING DATE: March 17, 2015

APPLICATION DEADLINE: March 31, 2015

CHEM 1011A.03 / 1021A.03 CONCEPTS IN CHEMISTRY I
4 Lecture/Lab Assistant Positions

September 2015 – December 2015

DEPARTMENT/LOCATION:

Department of Chemistry

PAY RATE:

As per CUPE 3912 Agreement

WORK ASSIGNMENT:

The Instructor is responsible for assisting with all aspects of the specified class: holding tutorials; holding office hours; preparing and grading assignments; tests and exams, and assisting with the laboratory component. This position reports to the Chair of the Department of Chemistry.

REQUIREMENTS:

A minimum of a MSc in Chemistry; previous teaching experience in chemistry.

PLEASE APPLY IN WRITING BY THE APPLICATION DEADLINE.

Send a complete CV, summary of relevant teaching experience, and names of 3 references to:

Dr. Norman P. Schepp, Chair
Department of Chemistry
P.O. Box 15000, 6274 Coburg Road
Dalhousie University
Halifax, NS B3H 4R2

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University.

Dalhousie University is an Employment Equity/Affirmative Action employer. The University encourages applications from qualified Aboriginal peoples, people with a

disability, racially visible persons and women.

Department/Faculty: Chemistry/Physics
Course Name: Organic Chemistry I – LAB
Course Code: CHEM*241L*LB
Academic Term: Summer Session I
Class Timetable: MW 09:00AM-11:45AM
Course Unit Value: 0.25 unit

Start Date: 5/4/2015

End Date: 6/19/2015

Qualifications:

Candidates should have a BSc in Chemistry and experience in Organic lab instruction.

Duties: Preparation, teaching, student consultation, grading

and marking,
distribution of student evaluation questionnaires,
involvement in student
appeals, and other duties appropriate to the
appointment. —————

Additional Duties:

Laboratory set up and clean up, consultation with instructor
of the
lecture portion of the course (CHEM 2401) to facilitate
coordination.

Ensure University safety guidelines are met.
—————

Remuneration: Remuneration is in accordance with the
Collective Agreement
between Mount Saint Vincent University and CUPE 3912
—————

How to apply: Send your application accompanied by
curriculum vitae and
the names of three references to:

Department Chair: Dr. Ian Pottie, Dept. of Chemistry
Email: chemphys@msvu.ca Application deadline: 3/20/2015
—————

Position: SMU Chemistry Dept. part-time Instructor for

Summer 2015:

CHEM 1213.2 General Chemistry II for Engineering (Lab section
only)

Posted by Department of Chemistry on November 27, 2014 in
Job Postings

PART-TIME ACADEMIC POSTING
LABORATORY INSTRUCTOR

DALHOUSIE UNIVERSITY

Halifax, Nova Scotia, Canada B3H 4R2

POSTING DATE: November 27, 2014

APPLICATION DEADLINE:

December 10, 2014

POSITION: PART-TIME ACADEMIC –

1 Laboratory Instructor position

January 2015 – April 2015

Department of Chemistry CHEM 3201B
ANALYTICAL SPECTROSCOPY AND SEPARATION

DEPARTMENT/LOCATION:

PAY RATE:

As per CUPE 3912 Collective Agreement

WORK ASSIGNMENT:

The Instructor is responsible for all aspects of coordinating, teaching and maintaining the respective laboratory programs. This includes setting up the experiments, supervising TA's, giving weekly TA workshops, ensuring the fair grading of laboratory reports, ensuring Chemistry Stores provides solutions in a timely fashion and maintaining the laboratory grades. In addition, the Instructor is expected to hold daily office hours. This position reports directly to the Chair of the Department of Chemistry.

REQUIREMENTS:

MSc in Chemistry or equivalent, preferably in analytical chemistry; PhD preferred; previous teaching experience in chemistry.

IF YOU ARE INTERESTED IN APPLYING FOR THE POSITION,
PLEASE APPLY IN WRITING BY THE APPLICATION DEADLINE TO:

Dr. Norman P. Schepp, Chair
Department of Chemistry
P.O Box 15000, 6274 Coburg Road
Dalhousie University
Halifax, NS B3H 4R2

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University.

Dalhousie University is an Employment Equity/Affirmative Action employer. The University encourages applications from qualified Aboriginal peoples, people with a disability, racially visible persons and women.

Department/Faculty: Chemistry/Physics

Course Code: CHEM*242L*LA

Academic Term: Winter

Class Timetable: Th 1:30 -4:15 pm

Course Unit Value: .25

Start Date: 1/5/2015

End Date: 4/28/2015

Qualifications:

Candidates should have a BSc in Chemistry and experience in Organic lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 2402) to facilitate coordination. Ensure university safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement

between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:

Department Chair: Dr. Ian Pottie, Dept. of Chemistry

Email: chemphys@msvu.ca Application deadline: 11/5/2014

Department/Faculty: Chemistry/Physics

Course Name: Laboratory: Organic Reactions

Course Code: CHEM*342L*LA
Academic Term: Winter
Class Timetable: W 1:30 – 4:15 pm
Course Unit Value: .25

Start Date: 1/5/2015
End Date: 4/28/2015

Qualifications:

Candidates should have a BSc in Chemistry and experience in Organic lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 3402) to facilitate coordination. Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:

Department Chair: Dr. Ian Pottie, Dept. of Chemistry
Email: chemphys@msvu.ca Application deadline: 11/5/2014

Department/Faculty: Chemistry/Physics
Course Name: Environmental Chemistry
Course Code: CHEM*2505*18
Academic Term: Winter
Class Timetable: M 7:45 – 8:45 pm
Course Unit Value: .5

Start Date: 1/5/2015

End Date: 4/28/2015

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in the appropriate field at the University level, a PhD degree in Chemistry is preferred including experience teaching via distance modes using Collaborate and/or Moodle.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Remuneration: Remuneration is in accordance with the Collective Agreement between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:

Department Chair: Dr. Ian Pottie, Dept. of Chemistry

Email: chemphys@msvu.ca Application deadline: 11/5/2014

Department/Faculty: Chemistry/Physics

Course Name: Laboratory: Intermediary Metabolism

Course Code: CHEM/BIOL*352L*LA

Academic Term: Winter

Class Timetable: M 1:30-4:15 pm

Course Unit Value: .25

Start Date: 1/5/2015

End Date: 4/28/2015

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in the appropriate field at the University level, a PhD degree in Chemistry is preferred.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student

appeals, and other duties appropriate to the appointment. _____

Part-Time Academic Posting: Department of Chemistry

Posted by Department of Chemistry on 07/18/2014 in
job_postings
PART-TIME ACADEMIC POSTING
LECTURE/LAB ASSISTANT

Department of Chemistry, DALHOUSIE UNIVERSITY
Halifax, Nova Scotia, Canada B3H 4R2

POSTING DATE:

July 18, 2014

APPLICATION DEADLINE:

August 1, 2014

POSITION: PART-TIME ACADEMIC – 1 First-year chemistry
program assistant

CHEM 1011A/1021A

CONCEPTS IN CHEMISTRY I/ ENGINEERING CHEMISTRY

TERM: September 2014 – December 2014

DEPARTMENT/LOCATION:

Department of Chemistry

PAY RATE:

As per CUPE 3912 Agreement

WORK ASSIGNMENT:

The part-time academic will be a member of the Dalhousie Chemistry first-year teaching team, and will be responsible for assisting with all aspects of the Concepts in Chemistry teaching program. Major duties of the position include holding tutorials, meeting with students, laboratory instruction, preparing and grading assignments, tests and exams. This position takes direction from the Chemistry Department's first-year coordinator and reports to the Chair of the Department.

REQUIREMENTS:

A minimum MSc in Chemistry (or equivalent) is required, as well as demonstrated experience teaching university-level chemistry.

PLEASE APPLY IN WRITING BY THE APPLICATION DEADLINE.

Send a complete CV, summary of relevant teaching experience, and names of 3 references to:

Dr. Norman P. Schepp, Chair
Department of Chemistry
P.O. Box 15000, 6274 Coburg Road
Dalhousie University
Halifax, NS B3H 4R2

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University.

Dalhousie University is an Employment Equity/Affirmative

Action

employer. The University encourages applications from qualified Aboriginal peoples, people with a disability, racially visible persons and women.

Department/Faculty: Chemistry/Physics
Course Name: Chemistry of Everyday Life
Course Code: CHEM*1003*01
Academic Term: Fall
Class Timetable: MW 09:00AM – 10:15AM
Course Unit Value: .5

Start Date: 9/3/2014
End Date: 12/18/2014

Qualifications:

Candidates should have a BSc in Chemistry and a Masters degree in either Chemistry or Education.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:-----

Remuneration: Remuneration is in accordance with the Collective Agreement

between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:

Department Chair: Dr. Ian Pottie, Dept. of Chemistry

Email: ChemPhys@msvu.ca Application deadline: 7/29/2014

Department/Faculty: Chemistry/Physics

Course Name: Laboratory for CHEM 2101

Course Code: CHEM*210L*LA

Academic Term: Fall

Class Timetable: F 09:00AM – 11:45AM

Course Unit Value: .25

Start Date: 9/3/2014

End Date: 12/18/2014

Qualifications:

Candidates should have a BSc in Chemistry and experience in inorganic lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with instructor of the lecture portion of the course (CHEM 2101) to facilitate coordination. Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement

between Mount Saint Vincent University and CUPE 3912

Position: SMU Chemistry Dept. part-time Instructor for

Fall 2014:

CHEM 1210.1 General Chemistry I (Lab section only)

Prerequisite: The equivalent of Nova Scotia Chemistry 12

Academic or equivalent; and either MATH 1210.1(.2), MATH

1190.1(.2) or CSCI 1226.1(.2) which may be taken concurrently.

An introduction to general topics in chemistry including composition and properties of matter, reaction stoichiometry, chemical reactions, atomic structure, the periodic table, chemical bonding, molecular geometry and gases. The course is intended for students interested in the physical sciences, life sciences and for students in the engineering program

Responsibilities of Instructor:

- To provide chemistry lab instruction (such as pre-lab tutorial) to undergraduate students
- To supervise and advise undergraduate students performing chemistry experiments
- To supervise Teaching Assistant (when available) helping with the lab instruction
- To mark student chemistry lab reports and complete any other form of evaluation required by the SMU Chemistry Department and or the University
- Comply with safety regulation in place and maintain a safe environment for staff and students

Qualifications:

- Minimum of B.Sc. in Chemistry and experience in lab instruction.

Salary according to CUPE Local 3912 Collective Agreement is in effect.

Available Lab Sections: Tuesday, Wednesday, Thursday, Friday
14:30-17:29

Start date: 2014-09-03. End date: 2014-12-18.

Application deadline: 2014-07-18

How to apply: Individuals who have instructed before in the SMU Chemistry department need only to send an updated CV (complete with education and past teaching experience). Other applicants need to send in addition a copy of their highest Science degree, a 500-word teaching philosophy, course evaluations from

other institutions (if applicable), and name and contact information of 3 references. Although candidates of all nationalities are encouraged to apply, priority will be given to Canadian citizens and permanent residents (all applicants should clearly indicate their status as a Canadian citizen or permanent resident). Saint Mary's University is committed to the principles of employment equity. Please specify all sections you wish to apply for.

Send application either by mail or by email to:

Dr. Robert Singer, Acting Chairperson, Dept. of Chemistry, Saint Mary's University, Halifax, NS, B3H 3C3, robert.singer@smu.ca

Fall 2014:

Combined CHEM 2344.1(.2)/CHEM 2346.1(.2) Organic Chemistry I (Lab section only) and Organic Chemistry for Life Science
Prerequisite: CHEM 1211.1(.2) or 1212.1(.2) or 1213.1(.2).

An introduction to organic chemistry designed for all students in life science, physical science, general science, engineering or non-science. Topics covered include the structure, nomenclature, physical properties, synthesis, reactions and spectroscopic properties of all classes of hydrocarbons: alkanes, alkenes, alkynes, arenes, alicyclic compounds, polyenes, as well as the principle heterocyclic compounds. The course emphasizes the mechanistic approach to the reactivity of organic compounds and provides a thorough introduction to stereochemistry and nuclear magnetic resonance.

Responsibilities of Instructor:

- To provide chemistry lab instruction (such as pre-lab tutorial) to undergraduate students
- To supervise and advise undergraduate students performing chemistry experiments
- To supervise Teaching Assistant (when available) helping with the lab instruction
- To mark student chemistry lab reports and complete any other

form of evaluation required by the SMU Chemistry Department

- Comply with safety regulation in place and maintain a safe environment for staff and students

Qualifications:

- Minimum of B.Sc. in Chemistry and experience in lab instruction.

Salary according to CUPE Local 3912 Collective Agreement is in effect.

Available Lab Sections: Tuesday, Thursday, Friday 14:30-17:29 and Friday 09:00-11:59 am

Start date: 2014-09-03. End date: 2014-12-18.

Application deadline: 2014-07-18

How to apply: Individuals who have instructed before in the SMU Chemistry department need only to send an updated CV (complete with education and past teaching experience). Department/Faculty: Chemistry/Physics

Course Name: LAB – Chem 2401

Course Code: CHEM*241L*LA

Academic Term: Summer Session I

Class Timetable: TTH 09:00AM – 11:45AM

Course Unit Value: .25

Start Date: 5/5/2014

End Date: 6/20/2014

Qualifications:

Candidates should have a BSc in Chemistry and experience in lab instruction.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Laboratory set up and clean up, consultation with the instructor of the lecture portion of the course CHEM 2401 to facilitate coordination.

Ensure University safety guidelines are met.

Remuneration: Remuneration is in accordance with the Collective Agreement

between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:

Department Chair: Kelly Krashinsky, Dept. of Chemistry

Email: kelly.krashinsky@msvu.ca Application deadline: 3/17/2014

Department/Faculty: Chemistry/Physics

Course Name: Organic Chemistry I

Course Code: CHEM*2401*01

Academic Term: Summer Session 1

Class Timetable: MTWTH 01:30PM – 02:45PM

Course Unit Value: .5

Start Date: 5/5/2014

End Date: 6/20/2014

Qualifications:

Candidates should have satisfactory experience in teaching Chemistry in the appropriate field at the University level, a PhD in Chemistry preferred.

Duties: Preparation, teaching, student consultation, grading and marking, distribution of student evaluation questionnaires, involvement in student appeals, and other duties appropriate to the appointment.

Additional Duties:

Consultation with Chem 241L lab instructor to facilitate coordination between lecture and lab.

Remuneration: Remuneration is in accordance with the Collective Agreement

between Mount Saint Vincent University and CUPE 3912

How to apply: Send your application accompanied by curriculum vitae and the names of three references to:

Department Chair: Kelly Krashinsky, Dept. of Chemistry

Email: kelly.krashinsky@msvu.ca Application deadline: 3/17/2014

Position: SMU Chemistry Dept. Part-Time Instructor for:

Summer 2014:

CHEM 1213.2 General Chemistry II (Lab section only)

Prerequisite: CHEM 1210.1(.2) and either MATH 1210.1(.2) or 1211.1(.2) which may be taken concurrently.

A continuation of the introduction to general topics in chemistry including chemical equilibrium and applications to aqueous systems, physical equilibrium, thermodynamics, reaction kinetics, molecular structure, electrochemistry and organic chemistry.

Responsibilities of Instructor:

- To provide chemistry lab instruction (such as pre-lab tutorial) to undergraduate students
- To supervise and advise undergraduate students performing chemistry experiments
- To supervise Teaching Assistant (when available) helping with the lab instruction
- To mark student chemistry lab reports and complete any other form of evaluation required by the SMU Chemistry Department
- Comply with safety regulations in place and maintain a safe environment for staff and students

Qualifications:

- Minimum of B.Sc. in Chemistry and experience in lab instruction.

Salary according to CUPE Local 3912 Collective Agreement in effect

Available Lab Section: Monday, Wednesday 13:30-16:29

Start date: 2014-05-05 End date: 2014-06-20

Application deadline: 2014-02-17

How to apply: Individuals who have instructed before in the SMU Chemistry department need only to send an updated CV

(complete with education and past teaching experience). Other applicants need to send in addition a copy of their highest Science degree, a 500-word teaching philosophy, course evaluations from other institutions (if applicable), and name and contact information of 3 references. Although candidates of all nationalities are encouraged to apply, priority will be given to Canadian citizens and permanent residents (all applicants should clearly indicate their status as a Canadian citizen or permanent resident). Saint Mary's University is committed to the principles of employment equity.

Send application by email (preferred) or hard copy to:
Dr. Jason Masuda, Acting Chairperson, Department of Chemistry,
Saint Mary's University, Halifax, NS, B3H 3C3 (902) 420-5077,
Jason.masuda@smu.ca

Be sure to include "Summer 2014 part-time instructor" in the subject line of your email
