

# Resource and Environmental Studies

**Please Note:**

Prospective job candidates are URGED to check with the respective department, dean, or payroll office for a more detailed description of qualifications. DO NOT apply for jobs via CUPE 3912, but directly with the contact person for each job posting. Some departments may accept applications online; others might not. It is our recommendation that you include a COMPLETE CV with every application, even if it is not requested.

*Jobs are listed newest-to-oldest and expired job postings are periodically archived.*

Part-Time Academic Posting - School for Resource and  
Environmental Studies

Posted by School for Resource and Environmental Studies on July  
9, 2019 in Job Postings

POSTING DATE: July 8, 2019

APPLICATION DEADLINE: July 19, 2019

POSITION: Part-time Academic

DEPARTMENT/LOCATION: School for Resource and Environmental  
Studies (SRES)

RATE OF PAY: According to the CUPE Agreement

WORK ASSIGNMENT: The sessional instructor will teach Economics for Resource and Environmental Management (ENVI 5031) during the 2019/20 fall term. The calendar entry is as follows: "This course is designed as a one term introduction to economics for graduate students who do not have any or limited undergraduate economics training. However, it is also suitable for students with prior economics training who are interested in exploring the environment-economy relationship further. The course begins with a brief but intense guided tour of economics. We then focus on key topics in environmental economics, including among others: the sustainable economy, theory of market failure, public goods and externalities, environmentalist critiques of economic thinking, environmental and natural resource accounting, economic valuation of the environment, time in economic/environmental analysis. The final part of the class explores the theory and practice of a new discipline which better integrates environmental and economic analysis; namely the field of "ecological economics". The course is open to students in other parts of the University who are interested in economy and environment."

The course is scheduled for 3 hours per week to be held on Tuesdays, 11:35-14:25, September through December 2019. In recent years, this course has attracted 30-40 students drawn from various graduate programs.

REQUIREMENTS OF THE POSITION: PhD or equivalent experience in related discipline.

IF YOU ARE INTERESTED IN THIS POSITION, PLEASE APPLY IN WRITING (COVER LETTER AND CV) BY THE DEADLINE TO:

Dr. Michelle Adams, Director

School for Resource and Environmental Studies  
Dalhousie University  
Kenneth C. Rowe Management Bldg.  
6100 University Avenue, Suite 5010

P. O. Box 15000  
Halifax NS B3H 4R2

Email : Brenda.Smart@dal.ca

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University.

Dalhousie University is committed to fostering a collegial culture grounded in diversity and inclusiveness. The university encourages applications from Aboriginal people, persons with a disability, racially visible persons, women, persons of minority sexual orientations and gender identities, and all candidates who would contribute to the diversity of our community.

Posted by School for Resource and Environmental Studies on July 3, 2019 in Job Postings

POSTING DATE: July 3, 2019

APPLICATION DEADLINE: July 14, 2019

POSITION: Part-time Academic

DEPARTMENT/LOCATION: School for Resource and Environmental Studies (SRES)

RATE OF PAY: According to the CUPE Agreement

WORK ASSIGNMENT: The sessional instructor will teach Environmental Assessment (ENVI 5001) during the 2018/19 fall term. The calendar entry is as follows: "Students explore all aspects of environmental assessment (EA), with a focus on EA

processes in Canada. The course examines professional practice in scientific, procedural and political dimensions. Current cases are studied opportunistically. Students learn the materials through case studies, seminars, group projects and research papers." The course is open to students in other parts of the University who are interested in economy and environment.

The course is scheduled for 3 hours per week to be held on Wednesday from 1435-1725, September through December 2019. In recent years, this course has attracted up to 30 students drawn from various graduate programs.

REQUIREMENTS OF THE POSITION: PhD or equivalent experience in related discipline.

IF YOU ARE INTERESTED IN THIS POSITION, PLEASE APPLY IN WRITING (COVER LETTER AND CV) BY THE DEADLINE TO:

Part-Time Academic Posting - School for Resource and Environmental Studies

Posted by School for Resource and Environmental Studies on May 21, 2019 in Job Postings

POSTING DATE: May 20, 2019

APPLICATION DEADLINE: June 5, 2019

POSITION: Part-time Academic

DEPARTMENT/LOCATION: School for Resource and Environmental Studies (SRES)

RATE OF PAY: According to the CUPE Agreement

WORK ASSIGNMENT: The Sessional Instructor will teach Environmental Education (ENVI 5041) during the 2019 fall term. The Calendar entry is as follows: "Environmental education for all ages is a critical step in fostering sustainable behaviours and achieving higher level environmental goals. This course takes an interdisciplinary approach to studying environmental education, examining the cognitive and social science underpinnings of behaviour change. Through course readings and experiential "hands-on" learning opportunities, students are invited to critically evaluate how environmental educators create effective and authentically engaging programs. This course examines environmental education for both youth and adults in formal school settings, wilderness settings and in urban settings. Course readings and lectures also explore the influence that mass media has upon environmental behaviour, as well as how policies aim to change and/or modify environmental behaviour." The instructor will take direction from syllabi for previous offerings of the course and secure the Director's approval for the syllabus for this

offering.

The course is scheduled for 3 hours per week to be held on Tuesdays, 17:35-20:25, September-December 2019.

REQUIREMENTS OF THE POSITION: PhD and/or Masters with equivalent experience in related discipline. The following qualifications would be considered assets: practical experience in teaching, working and/or community activity in environmental education at the university or post-graduate level; interest/experience in experiential education; curriculum development at local, regional, or international level; experience working with MES students on environmental education research.

IF YOU ARE INTERESTED IN THIS POSITION, PLEASE APPLY IN WRITING PROVIDING A COVER LETTER, CV AND ANY SUPPORTING DOCUMENTATION BY THE DEADLINE TO:

Dr. Michelle Adams, Interim Director  
School for Resource and Environmental Studies  
Dalhousie University  
6100 University Avenue, Suite 5010  
PO Box 15000  
Halifax, NS B3H 4R2  
Fax: (902) 494-4588

Part-time Academic Posting - School for Resource and Environmental Studies

Posted by School for Resource and Environmental Studies on September 21, 2018 in Job Postings

POSTING DATE: September 21, 2018

APPLICATION DEADLINE: October 12, 2018

POSITION: Part-time Academic

DEPARTMENT/LOCATION: School for Resource and Environmental Studies (SRES)

RATE OF PAY: According to the CUPE Agreement

WORK ASSIGNMENT: The sessional instructor will teach MGMT 2702 – Resource and Environmental Management, a required course taken by all second year Bachelor of Management students, during the 2018/19 winter term. The course is offered to approximately 150 students and is delivered through weekly 80-minute lectures (scheduled Tuesdays from 11:35 to 14:55) and via tutorials scheduled throughout the week. Lectures are to be delivered by the course instructor while tutorials are led by up to three (3) teaching assistants (TA) whose efforts are coordinated by a head TA but substantively overseen by the course instructor.

The Calendar entry is as follows: “This course provides an overview of principles and techniques embedded in the sustainable management of our resource sector operations, highlighting the relevance of sustainability within today’s business and government leadership decision making processes. The course provides a framework for examining the issues involved in the extraction, manufacture, use and disposal of resources

(materials, energy and products), and discusses the various drivers for managers to integrate sustainability into the operations of such systems.”

REQUIREMENTS OF THE POSITION: PhD and/or Masters with equivalent experience in related discipline. Strong understanding of — and experience with – natural resource management and environmental protection, ideally through applied or research work. Prior experience in undergraduate teaching is a strong asset.

IF YOU ARE INTERESTED IN THIS POSITION, PLEASE APPLY IN WRITING BY THE DEADLINE TO:

Dr. Michelle Adams, Director (Interim)  
School for Resource and Environmental Studies  
Dalhousie University  
6100 University Avenue, Suite 5010  
PO Box 15000  
Halifax, NS B3H 4R2

### Saint Mary's University

The Department of Geography and Environmental Studies at Saint Mary's University invites applications from part-time instructors to teach the following undergraduate course being offered in the Winter term of the 2017-2018 academic year.

DEADLINE to submit is Thursday, November 9 2017.

RATE OF PAY: According to the CUPE Agreement (0.5 credit).

WINTER 2018

GEOG 3304.2

Environmental Management

Class 4:00 pm – 5:15 pm Mondays and Wednesdays 03-JAN-2018 – 20-APR-2018

This course provides a framework for effective identification, analysis, and management of environmental systems at different scales. It introduces concepts and methods designed to address real-world problems characterized by complexity, uncertainty, and

change. Specific geographical environments and selected management issues (such as water pollution, soil erosion, and waste management), are examined, together with methods of environmental planning and impact assessment, including practical aspects of environmental management standards.

The minimum qualification for applicants is a Master's Degree in Geography or relevant degree. Experience teaching at the University level, in the area of the relevant course, would be an asset.

- Saint Mary's University and the Department of Geography and Environmental Studies encourage applications from women and men, aboriginal peoples, visible minorities, and individuals with disabilities.
- Course offering, teaching term, days, and times are subject to change. The University reserves the right to cancel the course if insufficient enrolment.
- Applications are invited in the first instance from part-time faculty on the Department's Precedence List. For other qualified applicants, please send a covering letter, curriculum vitae, instructor course evaluations and the names and contact information of two referees who can speak to the teaching ability of the applicant.
- Applications should be sent via email to:

Dr. Danika van Proosdij  
Department of Geography and Environmental Studies  
Saint Mary's University, Halifax, NS B3H 3C3  
Email: [geography@smu.ca](mailto:geography@smu.ca)  
Telephone: 902-420-5737 Fax: 902 496-8213

Part-Time Academic Postings - School for Resource and Environmental Studies

Posted by School for Resource and Environmental Studies on September 19, 2017 in Job Postings  
PART-TIME ACADEMIC POSTING

DALHOUSIE UNIVERSITY  
HALIFAX, NS B3H 3J5

POSTING DATE: September 11, 2017  
APPLICATION DEADLINE: October 2, 2017

POSITION: Part-time Academic

DEPARTMENT/LOCATION: School for Resource and Environmental  
Studies

RATE OF PAY: According to the CUPE Agreement

WORK ASSIGNMENT: The Sessional Instructor will teach Law and Policy for Resource and Environmental Management (ENVI 5205) in the 2017/18 winter term. This is a required course for all Master of Resource and Environmental Management (MREM) students but is open to other graduate students. The calendar entry is as follows: "This course provides students with an overview of substantive and procedural aspects of Canadian law and policy related to natural resources and the environment. The course will involve lectures, guest speakers, seminar discussions and class participation. Strong emphasis is placed on the Canadian legislative and regulatory framework and the unique character of the regulated subject areas such as toxic substances, air and water quality, fisheries, forests, agriculture, minerals, parks and biodiversity. The role of the common law in preventing or redressing environmental degradation will also be addressed." The organization of the course is flexible but for those students enrolled in the MREM programme, a substantial portion of the student's final grade must be based on group work that spans this and two other courses (socio-political and biophysical dimensions of resource and environmental management) that are taken simultaneously.

There is a course syllabus in place for this course, although modifications may be made by the successful candidate. The successful candidate will also be able to call upon the regular course instructor for guidance and support in the organization and delivery.

The Sessional Instructor will be responsible for lectures, organization of guest speakers, discussions, office hour consultations, and grading. The winter course is scheduled for one 3-hour class per week to be held Thursdays 14:35-17:25 p.m.

REQUIREMENTS OF THE POSITION: A law degree combined with either a graduate degree in resource or environment studies or substantial professional experience in related areas.

IF YOU ARE INTERESTED IN THIS POSITION, PLEASE APPLY IN WRITING BY THE DEADLINE TO:

Dr. Peter Duinker, A/Director  
School for Resource and Environmental Studies  
Dalhousie University  
6100 University Avenue  
Kenneth C. Rowe Management Building, Suite 5010  
Halifax, NS B3H 3E2  
Email: Brenda.smart@dal.ca

All offers of employment as a part-time academic are conditional upon sufficient student enrolment in the course and approval by the University. Dalhousie University is an Employment Equity/Affirmative Action employer. DALHOUSIE UNIVERSITY  
HALIFAX, NS B3H 4H6

POSTING DATE: September 11, 2017  
APPLICATION DEADLINE: October 2, 2017

POSITION: Part-time Academic

DEPARTMENT/LOCATION: School for Resource and Environmental Studies (SRES)

RATE OF PAY: According to the CUPE Agreement

WORK ASSIGNMENT: The sessional instructor will teach MGMT 1702 – Ecosystem Goods and Services, a required course taken by all first year Bachelor of Management students, during the 2017/18 winter term. The course is offered to approximately 200 students and is delivered through weekly 80-minute lectures (scheduled Tuesdays from 14:35 to 15:55) and via tutorials scheduled throughout the week. Lectures are to be delivered by the course instructor while tutorials are led by up to six teaching assistants (TA) whose efforts are coordinated by a head TA but substantively overseen by the course instructor.

The Calendar entry is as follows:

“The course explores the ecosystem goods and services on which our societies and economies depend, and the environmental basis of those goods and services. The course will cover the nature and function of: matter, energy, ecosystems, primary producers, natural resources, biodiversity, ecological footprints, and feedback loops; and their importance for managers.”

REQUIREMENTS OF THE POSITION: PhD and/or Masters with equivalent experience in related discipline. Strong understanding of — and experience with — the ecosystem goods and services framework, ideally through applied or research work. Prior experience in undergraduate teaching is a strong asset.

## Part-Time Academic Posting - School for Resource and Environmental Studies

Posted by School for Resource and Environmental Studies on July 25, 2016 in Job Postings

POSTING DATE: 21 July 2016

APPLICATION DEADLINE: 3 August 2016

POSITION: Part-time Academic

DEPARTMENT/LOCATION: School for Resource and Environmental Studies (SRES)

RATE OF PAY: According to the CUPE Agreement

WORK ASSIGNMENT: The Sessional Instructor will teach Resource and Environmental Problem-Solving I: The Community as a Living Laboratory (MGMT 3701) during the 2016-17 fall term. The calendar entry is as follows: "This course introduces students to research, concepts and methods for analyzing community sustainability across a spectrum of perspectives. In this course, the Halifax community serves as a living laboratory for identifying, evaluating and assessing indicators of progress toward greater environmental, social and economic sustainability. Working in groups, students apply problem-solving models to case studies using qualitative and quantitative research methods to help community-based organizations grapple with real world problems. A variety of tools may be used including systems analysis, environmental audits, field surveys, questionnaires, interviews, and statistical analysis. Students then draw conclusions and make recommendations for improvements on the basis of their analysis."

The course is scheduled for 3 hours per week to be held on Mondays and Wednesdays, 4:00-5:30 pm, September 7th through December 6th, 2016.

REQUIREMENTS OF THE POSITION: PhD and/or thesis-based

Masters with equivalent experience in related discipline.  
Candidates should have an aptitude for and experience in mentoring undergraduate students in collaborative research in the broader community. They must be reliable, energetic, and enthusiastic about the position and about coaching groups of 3rd year students to conduct applied, problem-solving research, many for their first time. Skills in OWL/Brightspace would be an asset.

IF YOU ARE INTERESTED IN THIS POSITION, PLEASE APPLY IN WRITING (COVER LETTER AND CV) BY THE DEADLINE TO:

Dr. Peter Tyedmers, Director  
School for Resource and Environmental Studies  
Faculty of Management  
Dalhousie University  
6100 University Avenue  
Kenneth C. Rowe Management Building, Suite 5010  
Halifax, NS B3H 4R2  
Email : Brenda.Smart@Dal.Ca  
Fax : (902) 494-3728

All offers of employment as a part-time academic are conditional upon sufficient student enrollment in the course and approval by the University.

Dalhousie University is an Employment Equity/Affirmative Action employer. The University encourages applications from qualified Aboriginal peoples, people with a disability, racially visible persons and women.

Part-Time Academic Posting (School for Resource and Environmental Studies)

Posted by School for Resource and Environmental Studies on October 23, 2015 in Human Resources

POSTING DATE: October 22, 2015

APPLICATION DEADLINE: November 2, 2015

POSITION: Part-time Academic

DEPARTMENT/LOCATION: School for Resource and Environmental Studies (SRES)

RATE OF PAY: According to the CUPE Agreement

WORK ASSIGNMENT: The sessional instructor will teach MGMT 1702 – Ecosystem Goods and Services, a required course taken by all first year Bachelor of Management students, during the 2016 winter term. The course is offered to approximately 200 students and is delivered through weekly 80-minute lectures (scheduled Thursdays from 14:30 to 16:00) and via tutorials scheduled throughout the week. Lectures are to be delivered by the course instructor while tutorials are led by up to six teaching assistants (TA) whose efforts are coordinated by a head TA but substantively overseen by the course instructor.

The Calendar entry is as follows:

“The course explores the ecosystem goods and services on which our societies and economies depend, and the environmental basis of those goods and services. The course will cover the nature and function of: matter, energy, ecosystems, primary producers, natural resources, biodiversity, ecological footprints, and feedback loops; and their importance for managers.”

REQUIREMENTS OF THE POSITION: PhD and/or Masters with equivalent experience in related discipline. Strong understanding of — and experience with — the ecosystem goods and services framework, ideally through applied or research work. Prior experience in undergraduate teaching is a strong asset.

IF YOU ARE INTERESTED IN THIS POSITION, PLEASE APPLY IN WRITING BY THE DEADLINE TO:

Dr. Peter Tyedmers, Director  
School for Resource and Environmental Studies  
Dalhousie University  
6100 University Avenue, Suite 5010

PO Box 15000  
Halifax, NS B3H 4R2  
brenda.smart@dal.ca  
Fax: (902) 494-6517

(1)

PART-TIME ACADEMIC POSTING  
SCHOOL FOR RESOURCE AND ENVIRONMENTAL STUDIES  
DALHOUSIE UNIVERSITY  
HALIFAX, NS B3H 4R2

POSTING DATE: August 19, 2014  
APPLICATION DEADLINE: September 5, 2013  
POSITION: Part-time Academic  
DEPARTMENT/LOCATION: School for Resource and Environmental Studies (SRES)  
RATE OF PAY: According to the CUPE Agreement

WORK ASSIGNMENT: The Sessional Instructor will teach Environmental Education (ENVI 5041) during the 2015 winter

term. The Calendar entry is as follows: "This class provides a broad examination of the conceptual bases of learning and understanding the environment. It will consider current educational efforts to promote values, attitudes, and behaviors protective of environmental integrity. Topics covered will include environmental education in formal school programs, experiential environmental education, environmental literacy initiatives, continuing professional education, and the role of the media in environmental education". The instructor will take direction from syllabi for previous offerings of the course, and secure the Director's approval for the syllabus for this offering.

The course is scheduled for 3 hours per week to be held on Tuesdays, 11:35-14:25 hr, January-April 2015.

REQUIREMENTS OF THE POSITION: PhD and/or Masters with equivalent experience in related discipline. The following qualifications would be considered assets: practical experience in teaching, working and/or community activity in environmental education at the university or post-graduate level; interest/experience in experiential education; curriculum development at local, regional, or international level; experience working with MES students on environmental education research.

IF YOU ARE INTERESTED IN THIS POSITION, PLEASE APPLY IN WRITING PROVIDING A COVER LETTER, CV AND ANY SUPPORTING DOCUMENTATION BY THE DEADLINE TO:

Dr. Peter Tyedmers, Director  
School for Resource and Environmental Studies  
Dalhousie University  
6100 University Avenue, Suite 5010  
PO Box 15000

PART-TIME ACADEMIC POSTING  
SCHOOL FOR RESOURCE AND ENVIRONMENTAL STUDIES  
DALHOUSIE UNIVERSITY  
HALIFAX, NS B3H 4R2

POSTING DATE: July 18, 2014  
APPLICATION DEADLINE: July 28, 2014  
POSITION: Part-time Academic

DEPARTMENT/LOCATION: School for Resource and Environmental  
Studies (SRES)

RATE OF PAY: According to the CUPE Agreement

WORK ASSIGNMENT: The sessional instructor will teach Economics for Resource and Environmental Management (ENVI 5031) during the 2014-15 fall term. The calendar entry is as follows: "This class is designed as a one term introduction to economics for graduate students who do not have any or limited undergraduate economics training. However, it is also suitable for students with prior economics training who are interested in exploring the environment-economy relationship further. The class begins with a brief but intense guided tour of economics. We then focus on key topics in environmental economics, including among others: the sustainable economy; theory of market failure, public goods and externalities; environmentalist critiques of economic thinking; environmental and natural resource accounting; economic valuation of the environment; time in economic/environmental analysis. The final part of the class explores the theory and practice of a new discipline which better integrates environmental and economic analysis; namely the field of ecological economics. The class is open to students in other parts of the University who are interested in economy and environment.

The course is scheduled for 3 hours per week to be held on

Fridays, 1130-1430 hr, September through December 2014. In recent years, this course has attracted ~40 students drawn from various programs.

REQUIREMENTS OF THE POSITION: PhD and/or Masters with equivalent experience in related discipline.

IF YOU ARE INTERESTED IN THIS POSITION, PLEASE APPLY IN WRITING (COVER LETTER AND CV) BY THE DEADLINE TO:
